Sir:-

Referring to your communication of the 17th ultimo, enclosing forms to enable you to make entry through Mr. A. M. Grogan, for the S. W. 1/4 of 14 - 34 - 27, West of the 4th, together with homestead entry and agent's fee, I beg to inform you that when Mr. Grogan called the same day to make entry in your behalf he was told that as you had already held homestead entry for the S. F. 1/4 of 30 - 35 - 27, West of the 4th, you would require to forward a letter from Head Office authorizing the Office to grant you re-entry. He said he would communicate with you in the matter, but nothing has yet been heard from you. As you are probably aware, the fact that you have forwarded an application and fee does not hold the land for you. If you have not the letter of authority from Head Office referred to, you had better wire the Secretary, Department of the Interior, to instruct this Office to hold the land for you until you can produce said letter, if you think there is any danger of another applicant appearing here.

I am, Sir,

Sir,

I beg to acknowledge the receipt of your letter of the 17th inst., and in reply to inform you that no trace can be found here of any advice having been given you that you were entitled to a second homestead entry. This privilege is granted by a statutory provision in the law to those settlers only who had fully complied with the law in connection with their first homestead, or at least the 1st of June, 1901, and the Department has no discretionary power in making such applications.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is done for a variety of reasons, including the search for better living conditions, the desire for education, and the need for employment. The process of urbanization has led to the growth of large cities and the decline of small towns. This has had a significant impact on the way we live and work. For example, it has led to the development of new technologies and industries, and it has changed the way we think about the world. The process of urbanization is still going on, and it is likely to continue for many years to come. This is because there are still many people who are looking for better living conditions, and there are still many people who are looking for education and employment. The process of urbanization is a complex one, and it is one that has shaped the world in many ways. It is a process that we cannot ignore, and it is one that we must understand if we are to understand the world in which we live.

Mr. Macmillan is at present negotiating with the Canadian Pacific Railway Company regarding the purchase of portions or all of Secs. 17 & 21 and if he succeeds in obtaining what he wishes, the parties named desire to homestead this section 20 and combine with Macmillan in building an irrigation ditch from out of the South Branch of Sheep Creek which will irrigate a considerable portion of the lands mentioned, a scheme worthy of every encouragement, which is the reason of my having taken the steps indicated in the matter.

If it is ^{not} anticipated there will be any trouble obtaining the relinquishment of the said section from the Queen Rancho Company.

Sir,

Enclosed find copy of letter from Mr. Mc. Millan, regarding the acquisition at less than the usual price of the N. $\frac{1}{4}$ 20, -20, -2, - W. of 5th, for the purpose of irrigating the same, or a portion thereof.

This is a case where I have no doubt of the bonafides of the applicant, and also that the scheme is a practical one in fact a very inexpensive one, soil good for forage, and water cheaply applicable.

On the 4th of this month he filed in this office the necessary plans, and memorial, in connection with the scheme of irrigation, which covers the N. E. $\frac{1}{4}$ of Sec. 17, - & all of Sec. 20, - 20, - 2, - W. of 5th Mn. the former $\frac{1}{4}$ Sec. he has, or purposes purchasing from the C. P. Ry. The S. $\frac{1}{4}$ of Sec. 20, has been entered under Military Bounty Warrant, by one Fraser on the 30th of Dec. last. Fraser is I understand assisting Mc. Millan, in this scheme.

This application however brings up the whole question of colonization, and settlement of lands requiring irrigation.

Mr Dennis and myself purpose submitting shortly a joint report on this question, and in the mean time Mr. Mc. Millan might be assured that if he went on, and irrigated

30th April 1898

Sir:-

I am in receipt of yours of the 27th instant H-12.192 in which you state the reason of the Government for declining my application for purchase of the R.W.T. of 24-10-20 west 3rd Mt at \$1.25 per acre and which I grant they are technically right in, but claim that in view of the intrinsic value which cannot be considered at very much, they wish waive the technical point and sell at offer of \$1.25 when rent value is taken into consideration. It is doubtless true that I can obtain this quarter section under the homestead act: but the process is long and the complications are such as are of no particular value to me, my present buildings etc. being located so near to this quarter - and possibly some rest upon it - render homesteading in this regard as an additional expense and valueless as far as buildings go. We (Marsh and Greeley) have some seven hundred heads of cattle at this point and wish this quarter partly to extend yards and corrals upon and partly to experiment with irrigation upon. I say experiment, because in utilizing as proposed a portion of the waters of Apple Creek, I am taking from a stream that affords water no later in ordinary years than June the 1st and the experiment consists in ascertaining whether irrigation would be of any practical value when water cannot be had at a later period than is here mentioned.

I would feel obliged if you would lay this matter before the department by forwarding this letter with such remarks of your own as you may deem proper and urge an early reply.

Very respectfully,

Your obedient servant,

S. D. Marsh,

To. Wm. Pearce Esq.,
Dom. Lands Agt., etc.,

The first thing I noticed when I stepped out of the car was the cold. It was a sharp, biting cold that seemed to penetrate my coat. I shivered as I walked towards the building, my hands tucked into my pockets. The air was thick with the scent of old books and the faint, sweet smell of incense.

As I entered the room, I was greeted by a woman with short, dark hair and a warm smile. She was wearing a simple, dark dress and had a small pin in her hair. She led me to a table covered with a white cloth, where several books were laid out. I picked up one of the books, feeling its weight and the texture of the cover.

The woman looked at me and said, "These are the books you're interested in. They're old, but they contain some interesting information." I nodded, looking at the titles. One of them was "The Secret of the Old Man." I turned to the woman and asked, "What's the story behind that one?"

She smiled and began to tell me the story. It was a tale of a man who had lived for centuries, a man who had seen the world change and yet remained the same. She spoke of his adventures, his loves, and his secrets. I listened intently, feeling as if I were part of the story.

When she finished, I thanked her and picked up the book. I felt a strange sense of connection to the man whose story she had just told me. I turned the book over in my hands, looking at the cover and the title. It was a simple, old book, but it felt like it held so much more than just words on a page.

I walked back to the car, the book tucked under my arm. The cold was still there, but it didn't seem so harsh now. I felt a sense of peace and a sense of purpose. I knew that I had found something special, something that would change my life.

Sir,

Enclosed herewith find letter from Mr. McGillivray a Statutory Declaration from the same gentleman was also one from Oswald Fraser who had military bounty entry for the South 1/2 of 20-20 2 West of 5th.

This compensation is an application by Mr. McGillivray to require the whole Section for \$1.- per acre or consideration of irrigating a portion of the same also to have a loan on the purchase of \$20.- which is the ^mcompensation value of military bounty warrant which has been utilized on the South 1/2 of said Section by Mr. Fraser.

I would specially direct your attention to the point that he desires the sale to be made to him in two parcels, the East and West half of the Section respectively. To pay for the East half in two yearly instalments and the West half in three, the first payment on the West half being due the year following the last payment on the East half. This matter would probably have come through the Agent of Dominion Lands Calgary, the reason I presume Mr. McGillivray referred it to me was from the fact that I was fairly familiar with the conditions affecting this Section.

Copy to Mr. Pearce.

Sir,

I beg to inform you that Mr. Pearce, Superintendent of Mines, has lately written here in connection with Mr. James A. Macmillan's application to be allowed to purchase, at the rate of \$1 an acre, the whole of Section 20, Township 20, Range 2 West of the 5th Meridian, he requiring the full section in connection with his irrigation scheme. There can be no objection to the land being sold to Mr. Macmillan at the rate mentioned, and upon the terms he requires, that is, that he shall be allowed to pay for the east half of the section in two yearly instalments, and that the first instalment upon the west half to become due the year following the last payment on the east half, the sale of course to be subject to the report by an officer of the Department that the works for the proper irrigation of the land have been erected and that they are satisfactorily working. The South half of this section appears as a military homestead in the name of Oswald Fraser.

Mr. Fraser has made a declaration before Mr. Pearce that circumstances have arisen which will prevent him carrying out the conditions of entry, and he has requested that the entry be cancelled and the land granted to Mr. Macmillan. This declaration should be looked upon as a declaration of abandonment, and you can cancel the entry and report your action in this connection.

Mr. Macmillan has asked that the sum of \$80. being the value of the military bounty warrant under which Mr. Fraser secured entry, be applied as a first payment upon his purchase of the land. As Mr. Fraser has exhausted all his rights under the warrant, this application of course cannot be entertained. You should write to Mr. Macmillan, whose address is Calgary, and inform him of the decision arrived at in this matter.

Dear Sir,

There is no 10th instant of title to the property of the late James A. McMillan, namely, Section 27, Township 2N, Range 2E, West of the 10th Meridian, in Grant Co. Ind.

I have looked into this matter, and find that before we can do it with a reasonable degree of success, the Government will have to be able to pay for the goods which are not being sold to the Government. The Government will have to be able to pay for the goods which are not being sold to the Government. The Government will have to be able to pay for the goods which are not being sold to the Government.

According to a person in the treatment Paul M. Smith, dated 21 November 1964, it would appear that such efforts are not likely to be the righting process. It may be that the participants may also become, in 1965, more aware of the consequences of their behavior and the consequences may be reflective of this effort.

gir,

I am informed indirectly that some person has applied at your Office for entry on S. P. 4 Dec. 24, 1891, -1, - W. of 5th Mer. on which I squatted some nine years ago. As of course you are aware at that time, and for some years afterwards, this Section was not open for settlement. In Feb. 1891, I was compelled to come to England on business connected with my family, which has not yet been satisfactorily settled. When I left Calgary, I had not the slightest idea of remaining in England more than two months. As the date of my return is so uncertain I wish James A. Macmillan B. L. S. to act for me in my absence, and any settlement made by him, will be quite satisfactory to me.

Hoping you will excuse me troubling you in this matter.

I am Sir,

Yours obediently,

Fredk. H.T. Chamberlaine.

MEMORANDUM for the Minister:-

Two settlers, named O.B. McClary and E. Taylor, appointed one Zilbert Hills to make homestead entry for them. He selected the North West and South West quarters of Section 2, Township 46, Range 20, W.4, and paid the necessary fees. When the homesteaders came to examine their lands they found them to be very inferior and unsuitable for their needs, and they ask permission to be allowed to abandon and make re-entry elsewhere without paying fresh fees.

It has been the practice of the Department to allow the privilege of abandonment and re-entry without the payment of fresh fees in certain cases, as, for instance, where the entrant has been misled by the ground being covered with snow; through a mistake in the survey posts, or through his own ignorance in reading the latter or for some equally good reason.

In the application under consideration there does not appear to have been any mistake beyond that Hills according to the homesteaders, showed a lack of judgment in making the selection.

Sir,

With further reference to your letter of the 11th ultimo, enclosing one from Mr. Marcel Lanux, of Oleson's Creek, Post Office, Macleod, in the latter of his claim to the North West quarter of Section 16, Township 9, Range 28 West of the 4th Meridian, I beg to say that this claim is within the leasehold of Dr. McEachran, and therefore Mr. Lanux cannot be granted an entry until the expiry of the term of this leasehold, which is on the 31st of December next. It is stated by Mr. Lanux that he has been upon the land for the last thirteen years living upon and cultivating it. However, he was not there before survey, as upon the official plan of survey no improvements of his are shown, as they certainly would have been had he been upon the land when the subdivision was made, the surveyor having instructions to take ^{the} affidavits of old squatters of their improvements and note the same upon the plan. If Mr. Lanux chooses to wait until the early part of next year, no doubt he will be able to secure an entry. He should, however, place himself in communication with the Agent of Dominion Lands at Lethbridge.

Dear Mr. Daly,

I beg to enclose you herewith a letter I have received from a Mr. Marcel Lanux, of Oleson's Creek, Post Office, Macleod, with regard to the land upon which he is living. This man has been there to my knowledge for over 13 years, and I think you will find he was there before Mr. McEachran had a lease of the land. He is a very good settler and has made valuable improvements, and I should be much obliged if you would call for the papers and see whether his wishes cannot be complied with. Sir-,

Jacob Ulmer's entry for the N.W. 1/4 of 16-52-27- W.1.M. appears to have been cancelled in my township Register on the 5th. of June 1899, although the file in this case does not show that notices were issued or that a declaration of abandonment was filed by the entrant.

Mr. Ulmer calls to day and states positively that he never received notices and never abandoned. He asks that his entry be restored and I feel that you will instruct me in the matter.

Mr. Ulmer is living with his father on the N.W. 1/4 of 20 in the same township.

Dear Sir;-

Re File No. 402547

Your favor of the 16th of May to hand with enclosures as stated re Patent of the S.E. 14, 54, 26, West of 4th. I understood from your previous letter that the Patent had not yet been issued to Oliver Laderoute. As the Patent has been issued could you not forward the same to the Registrar here or the Agent of Dominion Lands and on producing order from Laderoute have same delivered over to purchaser or to me as his advocate. I ask this because the purchaser Beechard ^{as he} wishes to make use of the Patent at once ~~and~~ has sold the property and I expect to have some difficulty in locating Laderoute.

Dear Sir:-

Re #402547

✓ In writing you by last mail I anticipated considerable difficulty in locating Olivier Laderoute. I succeeded better than I expected and now enclose his order for the delivery of the Patent for the N.E. 1/4 of 14, 54, 26, West of the 4th to Moise Bechard, or myself as his Advocate. Kindly forward Patent to me. If however you have already forwarded to the ~~same~~ Land Agent here or the Registrar the Patent I can easily obtain ~~an~~ ^{another} Order from Laderoute for the same.

DOMINION LANDS OFFICE,

Edmonton, 17th February, 1899. 189

Sir,

Will you please inform me whether Olivier Laderoute who was recommended for patent for the S W $\frac{1}{4}$ 14 54 26 W 4 M in September 1891, is entitled to another entry. He states that he has been in residence upon the land above described since 1884. I find, however, that the Inspector reported in 1891 that he had been then in residence only from July 1887. It may be that the Inspector was concerned to shew only so much residence as would entitle him to patent, or that the man himself supposed at the time that his object was being accomplished by such an exhibit, and that he consequently misled the Inspector in the matter. The application for patent ought to disclose the actual facts of the ~~xxxxxxx~~ case.

May I ask that your decision be communicated direct to Mr Laderoute, Edmonton, and that I may be favored with a copy of your communication.

Sir,

In reply to your letter of the 17th instant, file No. 1780, I am directed to say that the evidence filed in the Department goes to show that Mr. Olivier Lameroute is not entitled to a second homestead entry. He made entry for the S. W. $\frac{1}{4}$ of 14, 54, 26, West 4th on the 30th of October, 1886. Built his house about June or July, 1887, and perfected his entry by beginning continuous residence upon the land probably in April, 1888. His statement is as follows:- "Perfected before the 1st of June I think or April, 1888."

Agent of Dominion Lands

Dear Sir about a year ago I wrote to Mr
Dickerson the agent of Dominion Lands at Edmonton
stating that I was 17 years old and would like
to know if I could take up the 40.000 of land 14 x
42.000 x 100 m. as a Homestead. That is if I could
do some work on the land as breaking up fencing
etc. Then when I became 18 years old to file on the
said land as a Homestead. So Mr Dickerson in reply
wrote a letter to me which I inclose herewith.
Now according to this letter I went to work and
broke up 9 acres last summer. Which I sowed in
wheat this spring. Last winter and early this spring
I put on the said land about one mile of Rail fence
and about 1/2 mile I put in posts. and brought
wire to put on the posts. - So as I am now 18 years
old I want to file on the said land. about 2 weeks
ago I made an application by Mr Dickerson at
Lamertan Alta. for the filing of the said land.
but the money was sent back and was stated
that I had not filed on the said land as a
Homestead. now I think this is not right. I have done

at least \$100⁰⁰ worth of work on the land.
one of my neighbors tells me that the man who
plowed in the land knows it very well that I
had done all this work on the land. He told my
neighbor that there was some corn on the land.
and from 6 to 8 acres broke up and sown in wheat.
that this was just what he wanted. So I
think the man that knew all this and yet
takes this land is capable of doing most
anything else - now I want to know of you
if I have to lose this land or not. and lose
also the crop that I put out on the land.
I would not like to lose this land if it can
be helped. or arranged in any kind of a way.

Yours very truly,

Sir,

I beg to inform you that the Commissioner's attention has been directed to the case of Gustav Stadler, who received assurance from you by your letter of the 12th of June, 1900, that he should be allowed to make homestead entry for the N.W. 1/4 14--12--22, R. 4th N., on reaching the age of eighteen years, but which land has been entered for by E.C. Bartholomew. The Commissioner desires me to point out that your action in giving Mr. Stadler this assurance was altogether irregular, as you have no power to do so, and this and any similar privilege, can only be obtained from the Head Office. As it is you have caused much dissatisfaction through misunderstanding, and an enquiry by the Homestead Inspector will have to be made into the merits of the case.

I am directed by the Commissioner to inform you that as it would appear probable your entry for the N.W. 14--12--22, W. 4th E. was granted in error, an enquiry into the merits of the case will be held as soon as possible. In the meantime I am to warn you against going into occupation or making any improvements upon the land.

Sir,

I have the honour to acknowledge the receipt of your letter dated the

19th. I enclose Lib 4025887 in which you say that Gustav Stadler received assurance from me that he should be allowed to make entry for 1000 sq ft - 42 - 22 west on reaching the age of eighteen years. In reply I beg to say that I do not remember of giving Mr Stadler or any other person any such assurance. Would you be good enough to forward me a copy of my letter to Gustav Stadler of the 12th June 1900. I may add that I have always been careful in matters of this kind and therefore cannot understand how it occurred that I gave Mr Stadler any such assurance. I would therefore like to see the letter I wrote to Mr Stadler giving him the assurance referred to by you.

In the Matter of the North West 1/4 of Section 101
Township 43 Range 22 of the 4th Meridian.
Homestead ~~Presumption~~

I, Edward C. Bartholomew of
Ponoka, Alberta
do solemnly declare:

That I made entry for the above mentioned lands at the Dominion Lands Office at
Ponoka on the 27th day
of May 1901, and I now ask to have said entry cancelled,
and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)

(1) That I was not aware that
there was any improvement
that the above quarter is too far
away from my place and
land

(Here state nature and
extent of improvement,
and if not a home-
stead, where per-
formed.)

(Here describe the im-
provement, its nature,
value, etc.)

(Give area of breaking
and cultivation in
years.)

That I have not received, directly nor indirectly, nor have I been promised, nor do I expect
to receive any consideration of any kind for allowing said entry to be cancelled.
And I make this solemn declaration conscientiously believing it to be true, and knowing that it
is of the same force and effect as if made under oath and by virtue of The Canada Evidence Act, 1891.

Sir,

Wm

1st June, 1902.

I beg to acknowledge the receipt of your letter of the 13th ultimo, and in reply to inform you that your homestead entry for the N. E. 1/4 of Section 14, Township 42, Range 20, West of the fourth meridian, was cancelled in October, 1901, in accordance with the abandonment you have executed. You were therefore entitled to another homestead.

As you claim to have lost or mislaid the previous authority sent you, the presentation of this letter to any agent of Dominion Lands will serve instead as his authority for granting you a fresh entry for any available homestead land on the ordinary terms, providing you have not in the meantime held entry for other homestead land.

Please note that if you are indebted to the Department for seed grain, you are only permitted to make another entry subject to the transfer of such seed grain indebtedness to the quarter-section which you may enter for under the authority of this letter.

DOMINION LANDS ADMINISTRATION

Copy to - A.D.L. Calgary.
Ref. 7420 MD

OTTAWA, 25th July, 1928.

Sir,-

N.W. $\frac{1}{4}$ of Sec. 14 Tp. 42 Rge. 22 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Gustav Stedel, Esq.,
Lawson, Alberta.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

No. 5543

INTERIM HOMESTEAD RECEIPT.

35754

No. 1072

Agency,

1872

I Certify

That I have received from *John A. [unclear]*
John A. [unclear]

the sum of TEN Dollars being the office fee for Homestead Entry for

Quarter of Section

Township

Range

West of

Meridian, and that the said

is, in consequence of such entry and payment, vested with the rights conferred in such cases by the provisions of "The Dominion Lands Act," respecting Homestead rights.

NOTE: All minerals, excepting stone, existing on or under the lands herein described, are reserved to Her Majesty.

[OVER]

Local Agent.

This receipt, unless the entry to which it refers be revoked or cancelled, entitles the homesteader to take, occupy, and cultivate the land entered for, to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions in law or equity against any wrong-doer or trespasser on the lands, as effectually as he could do under a patent of such land from the Crown, but not to sell any of the timber thereon to persons other than homesteaders.

In case of the death of the homesteader before the completion of his homestead duties, his legal representatives succeed to the homestead right, but they, or some of them, must complete the necessary duties; and in no case will a patent issue for a homestead unless the person applying is a British subject by birth or naturalization.

A homestead entry is liable to be cancelled at any time that the homesteader is found to be in default in the performance of his duties.

Such duties may be performed in one of the following ways:—

1. By residence on homestead for at least six months in each year, dating from time of perfecting entry by becoming an actual resident, for three years and cultivation of the land to a reasonable extent.

2. By continuous residence for 12 months, after date of entry, 30 acres at least of cultivation, the erection of a habitable house, and payment for the land at current Government price per acre.

3. Residence for at least 6 months in each year, dating from the time of perfecting entry by becoming an actual resident, for 3 years within a radius of two miles from the homestead; not less than 10 acres of breaking to be done on the homestead within the first year from date of entry; said 10 acres to be cropped the second year and 15 acres additional prepared for crop; a habitable house to be erected on the homestead before the expiration of the third year after entry and the homesteader to reside therein for three months NEXT PRIOR TO DATE OF APPLICATION FOR PATENT.

4. By commencing cultivation of homestead within six months from date of entry or if entry obtained after 1st of September cultivation to be commenced not later than 1st of June following; not less than 5 acres to be broken and prepared for crop within the first year from date of entry; said 5 acres to be cropped, not less than 10 acres additional to be broken and prepared for crop, and a habitable house to be erected on the land within the second year from date of entry; at the commencement of the third year after the date of entry the homesteader to go into *bona fide* residence and to reside upon and cultivate the land for at least six months in each year of the three succeeding years.

5. If the land is an "abandoned presumption," a habitable house must be built and residence therein commenced within six months from date of entry. After that, residence is required for at least six months in each year, dating from time of perfecting entry by becoming an actual resident, for the three years next succeeding, and permanent improvements must be made on the land to the aggregate value of at least \$1.50 an acre.

Six months allowed in all cases for commencing the performance of duties, and where entry is obtained after 1st September in any year the time is extended until the 1st of June following.

Residence on homestead cannot be done by proxy.

Any special leave of absence that may be granted shall not count as residence.

At time of entry the homesteader is required to elect in what manner allowed by law he intends earning a patent for his homestead, and he must faithfully fulfil the prescribed duties in such manner or forfeit his entry.

Any assignment or transfer, or agreement to assign or transfer a homestead right, or any part thereof, before the homesteader shall have received a certificate of completion or for patent in proper form is forbidden, and operates not only to forfeit the entry but also to disqualify the person assigning or transferring from obtaining another entry.

Proof that a settler is entitled to a patent must be made before the local Agent of Dominion Lands, a Homestead Inspector or an Intelligent Officer.

Sir,

I beg to acknowledge the receipt of your letter of the 23rd instant informing me that your son who is not yet of age to make homestead entry is now working upon the S. 4. I/4 20. 55. 13. W. 4. 2. with the intention of holding the same until he arrives at the proper age.

I very much doubt whether it is possible for any ineligible person to hold land by any means whatever to the exclusion of a person who makes application for homestead entry and tenders the fee in accordance with the provision of the Dominion Lands Act.

There is at the present time so keen a demand for land in this district that I am unable to recommend my Department to make reservations such as you ask for even if there existed a legal way of doing it.

Sir,-

Referring to the statement you have made in support of your claim to the S.E. 1/4 of 26, 27, 18, Twp 4th, I am to inform you that the local Agent at Edmonton is now being authorized to discontinue the cancellation proceedings which have been instituted. At the same time it is necessary to point out to you that the land has stood in your name for nearly four years, and you have not done very much in the way of a compliance with the Land Act law. You must go on faithfully with the performance of the required duties and if you should be again reported in default, it may not be possible to further protect the entry. The Agent is being asked to have the Inspector furnish a report on the land the next time he has occasion to visit that locality.

dence with parents, and it is necessary, therefore, that
you should increase your cultivation to thirty acres,
after which, upon executing a supplementary statement
corroborated by two witnesses before the Local Agent or

consideration.

Re S. E. 1/4 4. - 24. - 3. - W. of 5th Mn.
Letter No. 20,712.

Sir,

In reply to yours of the 9th Inst. Ref: 102639, (Memo) I have to inform you that through an oversight the "right of way" was not reserved for irrigation purposes. Mr Sutherland of this office thinks there is no doubt the entrant will relinquish his receipt, and have endorsed on it the right of way reserved. If he will not that course is to be followed? Will cancellation in such cases require to be done through the Courts, or can it be cancelled by the Minister? As the Crown at date of entry divested itself of this right of way, and agreed to do so in favor of the "Calgary Irrigation Company" I presume Taylor's entry was not covered with right of way. Consider for the future I trust all such oversights will be avoided by stamping on every land receipt issued the reservation of right of way. Regarding no inspection fee being charged, it was considered and found that the inspection by the District Inspector, was not made because of the application to cancel entry's entry, they would have been in effect cancelled, as the entrant was offered the entrant had left the country. The inspection arose out of several applications made by the "Calgary Irrigation Company" regarding cancellation along the route of their Irrigation ditch so as to more readily acquire "right of way" and the Company also asked the Government the price the lands could be sold at. This in, the action will need your approval;

Ref; No. 5299.

JUL 7 1897

RECEIVED

Sir,

In reply to yours of the 24th Inst, 402639.

I would say that on the 10th of June 1895, the Calgary Irrigation Co. filed a notice stating that according to right of way plans then filed in the Registry Office for the Southern District of Alberta, certain areas were required for right of way, among others, 1.97 acres from off the S.E. 4, - 24, - 3, - west of 5th. This notice was indexed in this Office under the head of the Calgary Irrigation Co. and no record made against the particular parcels of land affected by the required right of way.

According to the Irrigation Act one copy of said right of way plans is to be filed with you, another in the Registry office. So soon as copy is filed with you it would be well to send to the respective Agencies of the lands affected to which titles had not yet issued a memo shewing same, and instructing Agent to make the necessary entries against the land affected. In this particular case the endorsement on receipt will sufficiently protect the Department regarding the area required for right of way by the Calgary Irrigation Co. but it would be much better if the 1.97 acres required for right of way was specially mentioned.

I am sir,

Your obedient servant.

The Secretary, of the,
Department of the Interior.

Agent.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,

I am directed to acknowledge the receipt of your letter of the 13th inst. and to say that as advised on the 7th December last, a supply of maps and pamphlets was duly forwarded to your address and I regret very much to learn that it has failed to reach you. A further supply is now being forwarded to you and I trust that it may arrive safely.

According to our records no part of the land which you describe are available for homestead entry, having apparently all been taken up.

I am to day communicating with Mr. McInnes and asking him to call upon you or write you on the first convenient opportunity.

If you desire to appoint someone to act as your agent in making entry for yourself and also for your son, you might communicate with Mr. W.J.O. Bouchier, of Red Deer, who will very likely be glad to act for you in the matter.

Sir,

Referring to your statement dated the 17th instant, I am directed to say that in order to become entitled to patent it will be necessary for you to reside upon and cultivate your land for at least six months in each of three years. As your continuous residence commenced in April, 1894, you will not be able to apply for patent until April, 1897.

I may explain the residence in 1893 cannot be counted to your advantage as you did not put in six months within the twelve months from the time when you first began to live on the land.

Department of the Interior,

Ottawa, 5th Oct., 1898.

Sir,

Referring to your letter of the 26th ult.,

Cochran, from which it would appear that Mr. Tomlin
had fulfilled the duties to entitle him to patent.

Sir,

S.E. 2 - 35-1-W. 5th Mer.

I beg to acknowledge receipt of your letter of the 6th instant, and in reply am to say that if you are the same person who entered for and secured homestead patent for the above described quarter-section, you are not entitled to the privilege of a second free homestead. This privilege is extended only to those settlers who completed all the duties on their first homesteads on or before the 2nd June, 1889.

Incl.

Under a recent amendment to the Dominion Lands Act, settlers who took up their free homesteads in that portion south of township thirty-one of what is known as the pre-emption and purchased homestead tract may take up another homestead outside such tract, provided their applications are approved by the Provincial Authorities.

In this regard your attention is directed to that portion of page eight of the enclosed handbook relating to second homesteads.

Unfortunately your patented homestead is outside the described area and you are, therefore, not entitled to another homestead under the recent amendment.

West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,

I beg to acknowledge the receipt of your letter dated the 16th ultimo, Ref. 2771, with regard to the E.F.L. of Section 24, Township 49, Range 21, E.4. I have seen Mr. Carsters about this matter, and he seems to remember having visited your office with Mr. Geiger last Spring when the application to cancel was filed, but he does not recollect any particulars as to the defence which Mr. Geiger claims he filed. As, however, the applicant for cancellation has not come forward, and the land is still vacant, the Commissioner has decided, under the circumstances, that Mr. Geiger should be re-instated in his entry, and as it is more than probable the defence which he filed at the time, and which has in some way become mislaid, would have prevented the entry from being cancelled, the re-instatement may be made free of charge.

I am sending a copy of this letter to Mr. Geiger, and also to the Head Office at Ottawa.

Sir,

Referring to your notice dated the 4th July last, File 2771, of the cancellation of the entry of Edward Geiser, for the N.W. 1/4 of Section 24, Township 45, Range 24, W.4.N., I beg to say that Mr. Geiser called at this office and filed a declaration to the effect that he has completed at least two years of the occupancy of the land and that when he received the notice of a cancellation proceeding thereon, he called at your office with the necessary documents, to which time the notice was expired, and he was given to understand that the cancellation proceeding would be withdrawn and that the matter would be settled for the cancellation of the "Committed". He stated that at that time in your office he filled in the required forms, having what he had done on the land; while your notice first above referred to it is made if the entry has been cancelled by default.

Will you please look into the matter and report for the Commissioner's information. The land appears on our books to be vacant, and you will be good enough to continue to hold it.

And notice to show cause, issued on the 11th April 1896, Cancellation notice served on the 11th July last in accordance with same. As to Mr Gagers statement in connection with finding the Defenses I can only say that I have made a search through the records of this office, and can find no trace of it. I cannot say whether he filed the same or not, as Mr Larstons and myself were very busy during that time with the Ana Grant and it may have been enclosed up, but I have no recollection of seeing it. Sir,

I have the honor to acknowledge the receipt of your letter dated the 14th inst., ref. 4771, with regard to the R.O. of Section 22, Township 10, Range 22, R.1. I have seen Mr. Leiger's letter with regard, and he seems to consider there is nothing more to be done with the matter. I have no objection to the land being filed, but as the R.O. has been filed, and the land is still vacant, the R.O. should be re-installed in his entry, and as it is now the province the defense which he filed at the time, and which was in some way become invalid, would have prevented the entry from being, or could, the re-installment may be a case of course.

The improvements appear to have been valueless but for the work done last year, and this, by Ludwig Kump, brother to the widow Kykylus; and done - he says - on her behalf.

The Geiger entry has never been restored. Apparently the Wetaskiwin Agent was awaiting the personal application of Geiger before carrying out the instruction conveyed in C. O. letter of 2/3/97.

Sir,

As the name of the person who obtained entry for the N.E. 1/4 of Section 24, Township 49 N. Range 21 W. of the 4th Meridian, appears by his application for entry and by the books here to be Marie N. Keyes and the name of the person whose application for the issue of a patent for the same land has been received here, duly recommended and approved in accordance with the provisions of "The Dominion Lands Act", appears to be "Mari N. Keyes". I have to request you to satisfy yourself that the applicant in both cases is the same person, and, having done so, to report which name is correct.

If you are not able, of your own knowledge, to decide the matter, I have to request you to advise the applicant for the issue of the patent that no steps will be taken towards its preparation until he has filed here a statutory declaration setting forth his correct name in full, and stating that he is the person who obtained entry for the land in question under the name of Marie N. Keyes.

The declaration he may make himself before any person who is authorized by law to take the same.

I am, Sir,

Your obedient Servant.

OTTAWA, 11th February, 1927.

MEMORANDUM:

Mr. Hume.

S.E. 1/4 10-49-2-W.5th M.
Soldier Grant - Leonard F. Postle.
Entry granted - 8th December, 1922.
Area "C".
No cancellation proceedings outstanding.

The entrant in this case made application for patent under the stock clause of the Act on the 4th ultimo, claiming residence, stock and other improvements, as shown on Form No. 58A, hereunder. You will note that he has performed the required residence duties by residing on the Soldier Grant itself and has had sufficient stock in the last three years; also, the quarter section all fenced.

The trouble in this case is that the entrant has not erected the necessary buildings for the accommodation of his stock on the grant itself.

In a statutory declaration from Mr. Postle dated the 18th ultimo, he stated that he kept his stock on the Soldier Grant for summer grazing and as there was no feed to be obtained in the vicinity he was compelled to stable and winter feed his cattle on his homestead, the S.E. 1/4 30-49-26-W.4th M. This land is 16.62 miles distant from the Soldier Grant.

The Agent in his covering letter states that in view of the fact that Mr. Postle has made application for patent stating that the stabling accommodation for his stock is on the homestead, which land is more than nine miles from his Soldier Grant, he was submitting the said application, together with the declaration from the entrant, with a request that he be advised as to the action to be taken; that he was asking this information before calling for an Inspector's report.

The regulations provide that where an entrant has been allowed the privilege of substituting stock in lieu of cultivation, substantial buildings for the accommodation of the whole number of stock to be kept in any year shall be erected and maintained to the satisfaction of the Minister during the whole period such stock is to be kept and solely owned by the settler, and that such buildings shall be erected upon the homestead, or upon any land upon which the settler is entitled to perform his residence duties.

As

As the entrant's homestead is more than nine miles distant from his Soldier Grant, he could not perform the residence duties for his Soldier Grant thereon.

In the different statements executed by the entrant as to the number of stock owned and kept by him in each year, it is noted that in each case he claimed that his stock was stabled on his homestead, and in the Departmental letter of 10th July, 1925, Mr. Postle was advised that the manner in which the regulations were being complied with appeared to be satisfactory.

In view of the foregoing, please say if the application for patent is to be accepted, as a special case, provided a homestead inspector's report shows that the entrant has kept the stock on the Soldier Grant, as stated, or whether it will be necessary for the entrant to erect the necessary buildings on the grant itself for the accommodation of his stock.

Your ref. No. 81471.

I beg to acknowledge the receipt of your communication of the 26th ultimo, enclosing an application for patent of Mr. Leonard F. Postle for his Soldier Grant, above described, on which he has been allowed the privilege of substituting stock in lieu of cultivation.

I am returning, herewith, the application for patent in question and am to advise you that it has been decided to accept the application, as a special case, provided the Homestead Inspector's report shows that the entrant has kept the stock on his Soldier Grant as stated in his application for patent, and when the report in question comes to hand if you are then satisfied to recommend the application and will return the document here, same will be submitted for favourable consideration.

Soldier Grant - Leonard F. Postle.
Entry granted - 8th December, 1922.

No cancellation proceedings outstanding.

The entrant in this case made application for patent under the stock clause of the Act on the 4th January, 1927, claiming the required six months residence in each of three years on the Soldier Grant itself and also the required number of stock in each year. He also claimed the quarter section all fenced.

The trouble in this case was that the entrant had not erected the necessary buildings for the accommodation of the stock on the grant itself.

In this connection would you kindly refer to my memorandum of the 11th February last, also Mr. Hume's endorsement thereon which was approved by the Assistant Commissioner.

The application for patent was returned to the Agent on the 15th February and he was advised that it had been decided to accept the application, as a special case, provided the Homestead Inspector's report showed that the entrant had kept the stock on his Soldier Grant as stated in his application for patent and that when the report in question came to hand if he was satisfied to recommend the application same would be submitted for favourable consideration.

The Agent now forwards here a report from Homestead Inspector Wyllie dated the 27th ultimo in which he states that the entrant is not in residence.

General Remarks (Cont'd)

In view of the evidence furnished by the Inspector, please say if the application for patent is to be accepted as satisfactory, provided the Agent will recommend same.

N.E. 10-49-2. w. 5th N.

I am in receipt of your Statutory Declaration of the 4th instant setting out the manner in which you endeavoured to perform the residence duties required by the terms of your homestead entry for the above land.

Your statement does not show the performance of a full period of six months residence, whereas by the terms of your entry it is necessary that you perform a full period of six months residence in each of three years.

I am enclosing herewith a handbook of the homestead regulations and would call your particular attention to the paragraph headed 'Residence Defined' commencing on page 20 and to the paragraph headed 'Homestead Year' commencing on page 21.

Your homestead entry is at present in default with respect to the performance of residence and is liable to the institution of cancellation proceedings. Under the circumstances, you should immediately go into bona fide residence and furnish the Agent of Dominion Lands at Edmonton with evidence that you have done so with the intention of complying with the settlement conditions of your homestead entry.

MEMORANDUM

N.E. 1/4 10-49-2-W. 5th M.
Soldier Grant - L.F. Postle.
D.M.'s Memo 6th instant.

This entrant has applied for patent and protests against the Departmental action in disallowing the residence claimed by him.

Mr. Postle applied for patent under the stock clause showing somewhat over six months residence in each of the years 1924, 1925 and 1926, a house \$125 and two miles of fencing. As regards buildings for accommodation of stock, the entrant explained that he kept his stock on the soldier grant for summer grazing and as there was no feed obtainable in the vicinity he was compelled to stable and winter feed his cattle on his patented homestead (patented 1901) 16.62 miles away.

Your office ruled that the application for patent might be accepted as a special case provided an Inspector's report showed that the stock had been kept on the soldier grant as claimed.

An Inspector reported in May last confirming in a general way the statements in regard to stock but adding that the entrant had only been in residence for short periods and that his residence was in Calmar, which is over the nine-mile limit (Tp.49, Rge.27, W.4th). The entrant was notified of what the Inspector stated and was required to go into bona fide residence. He later submitted a declaration admitting that he was only on the soldier grant from two to four days weekly during the periods claimed by him as residence. The remainder of the time it was necessary for him to be on his homestead where he had his crop. A statement was submitted from three neighbours confirming what he stated.

As his original claim regarding residence only covered from six to seven months in each of three years, it seemed obvious that he had not put in the required time and he was accordingly notified that he must go into bona fide residence.

The entrant now claims that he has been living on his homestead and thinks this should be allowed.

I do not remember for many years past any case where residence has been recognized on land distant 16.62 miles.

Respectfully submitted,

J.W. Greenway, Esq.,
Commissioner of Dominion Lands,

Sir,

Re H.E. 10-49-2, 5.5th M.

In the matter of your soldier grant, above mentioned, I beg to inform you that the Department has had under consideration your representations with regard to residence, the larger portion of the time having apparently been performed on your patented homestead, the South West quarter of Section 30, Township 49, Range 26, West of the Fourth Meridian, which lies more than sixteen miles from your soldier grant.

In this connection it has been decided that it will not be possible for the Department to allow you credit for residence on your soldier grant, and if you are not prepared to complete the duties in that regard in accordance with the regulations you will be allowed to purchase the land at the rate of \$1.00 per acre subject, however, to the fulfillment of the other requirements for the earning of patent.

A period of thirty days from this date will be granted you within which to state your intentions concerning this option, bearing in mind that if you elect to purchase the land in lieu of residence the sale will exhaust your rights in the matter of entry under the Soldier Settlement Act. The terms of sale will be payment in cash within sixty days from acceptance hereof, or one-fourth of the total purchase price within that time, and the balance in three equal annual instalments with interest at six per cent. per annum, interest being charged at the rate of seven per cent. on all overdue instalments, if any.

The quarter-section contains an area of one hundred and sixty (160) acres more or less.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,

I am directed to inform you that Mr. G.O. Swanson Investigation Agent, represents that if cancellation of your entry for the N.W. 1/4 of Section 6, Township 44, Range 22, T2S, R2W, is refused, you will be required to bring your family back from New Jersey, and settle on the land next spring. As it appears you have built up and cultivated on this land and that you suffered considerable loss by prairie fires, the Commissioner has directed the Agent at Estabrook, to refuse cancellation of your entry and to protect your land until the 15th of May next. I am however to express upon you the necessity of returning and going into residence within the time mentioned.

The original application for appointment of Anton Anderson of Louisville, Alberta, to make homestead entry has been received here from Dover New Jersey, and if you are acquainted with the applicant I am to ask you to be good enough to obtain his signature on the form and return it here.

I am, Sir,

Your obedient servant,

For the Secretary.

In reply to your letter of the 12th instant, I am directed to say that it is usual to exact a cash payment from a homesteader for any improvements that may be upon the land he is allowed to enter for. In view, however, of your representations, the Commissioner is disposed to make an exception in your case, and if you will make a reasonable payment on account after harvest, you will be allowed an extension of time for one year within which to pay the balance. This however, will be subject to interest at six per cent counting from the date of entry. Your land being the S.W. 1/4 of Section 1, Township 48, Range 14, N.W. 1/4.

The Agent will endorse upon the interim receipt that certificate of recommendation will not issue until your liability is fully discharged.

Sir,

Referring to your file 20945, I beg to say that the Head Office records do not show what sum Mr. Sylvestre Swart should have paid for improvements in connection with his entry for the S.W. 1/4 12--49--27, W. 4th N. The only information we have is that he did pay the sum of \$7.20, though it is not clear that this discharges his entire liability. I must ask you therefore to be good enough to have a further search made in your records with a view to the disposal of this case. The Wetaskiwin Reference number on the land affected is 5006.

August 1896 when Sylvesta Swart obtained his entry for the S.W. $\frac{1}{4}$ 12- 49- 27- W. 4.M. is a note on the back of the file relating to the case to the effect that on the 7th October in that year Mr. Swart filed a Declaration stating the value of the improvements to be \$40.00.

The matter being in doubt Mr. Coleman is being asked to call upon Mr. Swart when next in that locality and to ascertain and report the amount which Mr. Swart agreeded to pay for the said improvements and you will be further advised when he is heard from in the matter.

The improvements upon the land in question at the time I obtained my entry comprised a log house 16 x 24, a log stable and 15 acres of breaking - very badly broken and of little value. The said improvements were worth not more than \$45 - wages at that time being very low and hard money worth more than it is now. This \$45 was the valuation made by myself & witnesses & should now be set off in the Department. I have paid the amount in full with interest.

Sir, Mr Sylvester Swart called today in reference to the stay in the issue of his patent for the S W $\frac{1}{4}$ 12 49 27 W 4 M and as the acting Homestead Inspector has been very busy of late and is likely to be occupied for some time to come I have thought it well to take the enclosed statutory declaration from Mr Swart which he hopes you will accept as evidence upon which the patent may now be allowed to issue. The declaration appears to me to be satisfactory. Mr Swart paid on the 16th February last \$45 principal and \$12.20 interest, the amount being duly accounted for. If the patent cannot issue upon the evidence before the Department Mr Swart would like to hear from you to that effect.

This application for patent is held until it is shown that the sum of \$40, with interest, paid by the homesteader, discharges his liability for improvement. Our records are blank as to the actual amount he should have paid, and the L.P.L. has no information, the transaction apparently taking place when Wetaskiwin was an agency.

The applicant now files a statutory declaration, which appears satisfactory.

Will you accept it now?

Winnipeg: O. J. Sir:

I write to you for advice in regard to homestead status on a piece of land. On May 15 last I entered on 14 Sec. 20, T. 40, R. 26 W. 4th Mer. west of 9th line, in Saskatchewan Dist. I was then living in Kansas, employed as "Team or Workfield", having the charge of St. John and St. George, Wabamungo. Since that date I have accepted no other land. I am located at Winnipeg, and have also been missions, comprising Borden, Cids, P. 1000, Y. 1000, and C. 1000. Pine Lake. So you see, I am not only kept very busy, but my work is much more than the land. I have a team some 1000 from Kansas, to use in driving to these missions, & could sometimes drive to my claim, and have a man at work there in my absence a portion of the time, and my family also have a portion of the time. I had earlier stated having them on the place for months at a time, but now feel reluctant to do so, especially as we have a sick child. I might manage to be there a good deal in fine weather. It will be a trip of 100

miles or so. The bishop, who seems willing for me to avail
myself of homestead right, suggested that I might release the
above claim, and take one nearer here. However, it may be
out of the question to secure anything desirable near this
rail, and I wd. then need to take one of the attractions
providing such arrangement would be possible: either to
have my right restored, retaining it, or perhaps in some
way to hold the claim I am in, which is desirable
in character, and near many friends and former parish
ioners, who have exchanged near the due (10000) to the
meantime, I shall not wait here, to see if any claim is to
be had. Of course, I have spent considerable money in the matter,
and have friends present, and factors that (as C. F. Buckle,
head of many) are awaiting my decision, as they must be
left out matters for bidding for me, and wish to offer
me, very cheap, 2 buildings of wood by a young man who
place adjacent, and who is going away.

I am also having a small plot of land, as also, for
this are just about your lot, with a bar, 12 of which is mine,
and part of the things now to have been sold up there, and
income retained here. As I am to let go the claim, I must
leave the whole disposition.

Noting the interest with which the sale at least of the
and saving your indulgence for taking the trouble to analyze
it, I beg to subscribe myself,

Yours respectfully

In reply to your letter of the 6th instant, I am directed to say that it is gathered from your statements that you hold as a homestead the S.W. 1/4 of Section 36, Township 49, Range 26, W.4.M., but that you are unable to complete the duties as to residence at present, owing to your ^{being required} presence elsewhere. The Commissioner is unable to relieve you from the compliance with the conditions under which you took up this land, but if you would be satisfied with a reasonable extension of time within which to perform them, your request will receive favourable consideration. Or, should you prefer to relinquish this land and take up another quarter-section nearer your present field of work, the matter might be arranged in this way upon your so advising the Commissioner. It will, however, be necessary for you to sign and return here the enclosed form of declaration.

DECLARATION OF ABANDONMENT.

Form No. 215a.

In the Matter of the _____ of Section _____
Township _____ Range _____ of the _____ Meridian
Homestead _____ Pre-emption _____

I, Leonidas J. H. Weeden, _____ of

Cass, Norton Co., Kansas, (Molla P. O.)

do solemnly declare:—

That I made entry ☒ for the above mentioned lands at the Dominion Lands Office at _____
_____ 1895 _____ on the _____ day
of May, 19____, and I now ask to have said entry cancelled,
and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)
1) Going to Alberta as a Clergyman, and the bishop placing me at Innisfail, while the homestead was about eight miles from Leduc, in the Conjuring Creek settlement, say about 90 miles from where it was necessary to place my family while driving my mission district, the claim was abandoned, and later entered for by another man, probably a Mr. Duncan, but an ensue of the name.

(Here state nature and extent of residence, and, if not on homestead, where performed.)
While on a journey to Manitoba a year ago, consulting with Mr. Bruce Walker, Immigration official at Winnipeg, those blank papers were furnished me to make application for reinstatement should it become desirable to apply for a homestead entry.

As it has been 19 years since making entry in Alberta, I am unable to produce the necessary papers, or recall the numbers of the land. Your records will prob. show all the necessary data, and the names of the head of the Kansas colony, Edward Teasdale-Buckell, Robert Pestle, Andrew Reed, and others, and my claim adjoined a young man's, a son of Buckell's, called "Tart," prob. Edward.

(Here describe the improvements and state value thereof.)
I have three sons, one of them born in Alberta, and in the event I should at any time go with them to Canada, would appreciate the restoration of my unused right.

(Give area of breaking and cultivation each year.)
Some ground had been broken and prob. planted, but residence had not been established, as it was abandoned the same year of the entry, May, 1895.

That I have not received, directly or indirectly, nor have I been promised, nor do I expect to receive any consideration of any kind for allowing said entry to be cancelled.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

Dear Sir

355011
Please find inclosed a map of the land that my son and my self has taken up as homesteads. You will see that the Pigeon Lake trail runs corner ways through the $\frac{1}{2}$ section, and as we wish to turn it south on the road allowance of the east end of 24 and as it is a blind line between 13 and 24 and as such is the case with your instructions as to how we may have two rods (33 feet) set apart of the south side of 24 as a road allowance for the convenience of the settlers and for the Pigeon Lake trail as well. and as the people of this settlement wish to have a Church built and they have chosen the site on the south side of 24 and my son wishes to let the Church have one acre near the South East corner of the South East-ly of 24, and as it will front on the blind line and for that reason there would need to be a road allowance between 13 and 24. so if you will be kind enough to give me the necessary instructions in this matter and oblige

Sir.

The Commissioner of Dominion Lands has forwarded to this Department a copy of your letter of the 12th ultimo to him, respecting two matters, first, the variation of Piroon Lake trail, which runs through your own and your son's homesteads, and second, the reservation of one acre of your son's homestead as a site for a church.

The variation of the trail is a matter which can only be dealt with here upon application from his Honour the Lieutenant-Governor of the North West Territories, and Mr. John A. Reid, Clerk of the Executive Committee of the North West Territories, has been advised, this day, of the purport of your letter, in so far as it concerns this matter.

With regard to the acre of land which your son is willing to have reserved out of his homestead, as a site for a church, I am to inform you that this action will be taken upon the receipt here of a letter from him over his own signature, requesting such reservation to be made, and also of the receipt of \$10.00 the fee for the preparation of a patent in favour of the church for such

such acre of land. The letter should contain sufficient information to permit of a proper description being made of this acre of land in the patent to the church, and should also contain the correct corporate name of the church. In it the act or ordinance under which the church is entitled to hold land should also be specified.

Sir,

I am directed to enclose, herewith, a copy of a letter, which has been addressed to Mr. A. Almagus in answer to a letter, of which a copy is also enclosed herewith, respecting the variation which he asks to be made for the convenience of the settlers, in the Pigeon Lake trail, where it runs through his own and his son's homesteads.

It may be stated here that upon examining the records of his office the Surveyor-General discovered that no requisition has yet been received here from His Honour the Lieutenant Governor, for the survey and transfer of this trail under the provisions of Section 103 of Chapter 16 R.S.C., as amended by Section 17 of Chapter 22, 57-58 Vic. It is therefore, suggested that this action might be taken when the variation which is asked for by Mr. Almagus is being made in that trail, that is if the Executive Committee of the North West Territories consider his request should be complied with.

The necessary action to comply with his request may be taken under the provisions of Section 11 of Chap. 17 of 57-58 Victoria, and ^{should} ~~should~~ conveyances be executed, in favour of Her Majesty.

Yours

John A. Reid, Esq.,
Clerk of the Executive Committee,
Regina,
Assn.

188-85

Queen Victoria, by the two homesteaders, Mr. S. Alpaugh and Mr. J.J. Alpaugh, as well as by the owner or owners of Section 13, in the same Township and Range, in which their homesteads are situated, namely, Township 49, Range 27, East of the 4th Meridian, similar to the conveyances which the Executive Committee obtained from the seven homesteaders, respectively, these names and whose lands are mentioned in my letter of the 11th instant, 1911, 419173 on file 363349 of this Department.

Before a requisition for the variation of the trail in question and the opening of the new road in lieu thereof is forwarded to the Minister, I am to ask you to submit to the Committee, in connection with this case, the copies of the memorandum from the Surveyor-General and of the memorandum therein mentioned, which were forwarded to you with the above mentioned letter.

When the Committee ^{will} ~~has~~ considered these views of the Surveyor-General, the following points should also be brought to their attention :-

(1) The necessity of explaining, as clearly as possible, in the requisition of the owner, the change or variation which it is desired to make in any old highway, or trail, and also the course of the proposed new road. It is believed that in a great many instances a survey will be found to be unnecessary, and that the explanation which is above suggested, will afford the Surveyor-General

sufficient

sufficient information for the preparation of a description, by one of his staff ;

(2) The necessity, where such information is insufficient to permit of the preparation of a description here, and where a survey is therefore necessary, of seeing that such survey is only made under and in accordance with instructions to be furnished by him. As the survey and the plan thereof will be submitted to him for approval, when completed, there can be no question but that the survey should be made and the plan should be prepared in accordance with his instructions. Indeed general instructions for such surveys could be prepared and adopted as those which would have to be followed in all future cases. The advisability of adopting such a course has been the subject of correspondence, for some time past, between the Deputy Minister and Mr. Sullivan.

If these views meet with the approval of the Committee, necessary surveys can be made under his instructions after the receipt here of His Honour's requisition, and, upon approval of the plan of survey, consent of the Governor in Council can be obtained, the land in the new roadway can be transferred to the Territories for the public uses thereof, and the land within those portions of the trail which are closed by the variation can be dealt with as the Governor in Council sees fit, the usual and equitable action being to grant it to the homesteaders or owners of the lands from out of which the new roadway is taken.

J.A.R.-4-

188-85

I am to request a careful consideration of this whole matter so that, if possible, a uniform course of action may be agreed upon by the Committee and this Department, in dealing with applications similar to the one referred to in this communication. It is scarcely necessary to mention that the cost of these surveys will of course be paid by the North West Government.

A copy of a rough sketch, which was furnished by Mr. E. Alpaugh, is enclosed herewith. From it the Committee will understand the nature of the variation which is required to be made in the Pigeon Lake trail. A survey would appear to be unnecessary, as a description of the proposed new roadway can be prepared from the information contained in this sketch and in Mr. Alpaugh's letter.

lot of time and money and
do not want to be more worried by
a patent. I have been over it and

have me as their cost of cost

Sir,-

Sec. 2 To. 45 Rge. 20 West 4th Mer

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Pierre Deschenaux, Esq.,

Sir,

In repl. to your letter of the 12th ultimo,
I am to inform you that it is not possible to grant you
the privilege of having a second homestead. This
right is granted by law to those settlers only who had
fully completed the duties in connection with their first
homesteads on or before the 2nd of June, 1889, and the
Department has no discretionary powers in connection there-
with. The fact of your first homestead only containing
an area of 97 acres does not affect the case.

I have to say that according to the particulars therein given it would seem that your entry for the S.E. 1/4 of Section 36, Township 20, Range 12, S. 1, W. 1, is not liable to cancellation, you having not in the meantime since 1901, 1902. At the same time, however, the Commission will not initiate cancellation proceedings, and should in the future you still be connected with the land given in perpetuity, or with a lease.

Sir,

FD 18.3.96
Referring to the letter of the Agent of Dominion Lands at Edmonton, addressed to you on the 11th instant, I am directed to inform you that the practice of the Department requires that a settler who is unable to make application for patent for his homestead in the usual way, before the local Agent or Homestead Inspector, should appear before a County Court Judge or Notary public, by the special authority of the Minister, and submit evidence on the form provided for the purpose. In your business card which accompanied your letter of the 5th, it is observed that you describe yourself as Attorney-at-law, but unless this title indicates that you are also a Notary Public it will be necessary for Mr G.W. Newton to name someone else, possessed of the qualifications required as mentioned above.

Sir,

Homestead entry of Henry Seale

Date of entry November 5, 1913.

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on the ground of failure to apply for patent and at the same time instruct a Homestead Inspector to report.

If no defence is filed and if the Inspector's report shows no duties performed, you may at the end of the sixty days and on receipt of the required report, carry out cancellation if aware of no reason to the contrary, dealing with the land and reporting your action here in the usual way.

In all other cases where a defence is filed or where the Inspector's report shows any duties performed, you should refer here before cancelling.

In every case the Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements.

Inspector should make careful enquiry to find out whether the entrant may possibly be on military service or may be a returned soldier.

In any case where there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way under entry to soldiers, the report should contain full particulars and the matter should be referred here before any action is taken.

A copy of any letter or form issued by you should be sent here to complete Head Office record.

Sir,
I have just received from a friend of
mine in Jersey, England the enclosed
letter authorizing me to enter for a certain
quarter for him. He is a married man
willing to do & to once bring \$20,000 into the
Country he wishes here in way of next year
as it will take him some time to wind up
his affairs at home. He will have
lost summer & no work time & on
his return to England decided to settle
out here. May I ask you to be so kind
as to allow me to enter for this quarter
in my friend's name & to send me
your answer for a time in a

I should mention that this quarter
about the time of the fair what I
hear the means who entered for it was not
a time to this quarter and it is in the week
of the quarter being again open to settlement
that I look for the fair in a day of entering
for my friends. I hear there has been
a bill filed offering to purchase the 1/4
section in the treaty to a badowment
but I presume a better claim you would
allow for it, then a low wish to buy
would not improve the quarter at all as he
merely wishes to for a range for horses having
already a homestead, where so sufficient
G. S. H. Lucas would build a small house
& otherwise. Effect is to be made
the quarter for the time being

9th December, 1892.

Sir,

I reply to your letter of the 1st instant, I beg to say that the requisite authority enabling you to act for Mr. G. S. Lucas in making homestead entry was sent you yesterday.

Enclos:

I regret that I cannot return your letter, as it is necessary that it should be forwarded to the proper authorities for their consideration.
As requested, I enclose herewith Mr. Lucas' letter.

I cannot give you any assurance with regard to the quarter section which you wish to enter for on his behalf. I would suggest, however, that if the person who holds entry for it is not observing the requirements of the law, you should immediately file an application for inspection on the enclosed form, transmitting it to the Dominion Lands Agent within whose district the land is situated.

I have the honour to be,

Sir,

Since my letter of 10th ult. re
S. N. 7. 10-36.28 W 4th Meridian. I
have heard that another party has
lodged a claim to "homestead" above
mentioned section. I shall feel
extremely obliged by your informing
me what course the Government usually
adopts in a case of this kind.
Does a claim to homestead a section
take precedence of one to purchase
same, though the latter was the first
claim lodged? I am, yrs. obediently,

Agent Calgary.

Sir,

I beg to say in answer to your letter of the 12th instant that the proper course in every case where an entry is liable to cancellation, is for anyone desiring to acquire the land to make formal application for inspection in a manner which our practice requires.

The entry of A. Gaskell for the S. 1/2 10-27-28 T. 1. N. 1. E. 1. R. 1. W. 1. S. 1. 1. was cancelled on the 2nd day of February last, and if the land has not since that date been again taken up, there is no reason why your application to the Agent for permission to purchase which you advised me in your letter of the 12th ultimo you had made, should not have been acted upon at the time.

I am writing Calgary Office about the matter, asking that you be advised immediately as to the present position.

I have the honour to be,

Sir,

Sir,

I beg to say in answer to your letter of the 14th instant, No. 11114 Ref. 121, that your proper course would have been to have required Mr. Harris to file the usual declaration of abandonment and send it here for action, before cancelling his entry for the S.W. 1/4 12-77 to T.4.M. As, however, the entry has been cancelled, the matter may stand.

With regard to the disposal of the land, you apparently have no course open to you but to grant an entry to Mr. Lucas, he, through his agent Mr. Wood, being the only formal applicant therefor.

Declaration of Abandonment.

In the Matter of the SE of Section 10
36 Range 24 of the 4 Township
 Homestead 1 Henry M. Douglas Pre-emption Meridian.

solemnly declare:—

THAT I made entry for the above mentioned lands, at the Dominion Lands Office at Thunder Bay on the 15 day of November 1892 and I now ask to have said entry cancelled, and to be permitted to take up another homestead, for the following reasons, viz:—

That at time of making entry I learned that the S.W. quarter of same section would be liable to be cancelled a few months later & after I wrote to the land office Winnipeg requesting that on said S.W. quarter being cancelled I might be given the first chance of purchasing same, however on cancellation taking place of the S.W. quarter a Homesteader was given the preference & his entry accepted - on the entry going away & showing me in the first time the nature of the N.E. quarter, which has a lot of ~~land~~ improvements on the land ~~any way to me~~ I at the matter deep.

THAT I have not either directly or indirectly received, nor have I been promised, nor do I expect to receive, any consideration of any kind for allowing said entry to be cancelled.

AND I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of The Canada Evidence Act. 1892.

Department of the Interior,

Ottawa, 21st July, 1899.

Sir,

I am directed to acknowledge the receipt of your letter of the 13th instant, File No. 10069, along with its enclosures, and to say in reply that the same are satisfactory. The assignment from Charles W. Key to Mary Matilda Key of the South East quarter of Section 4, Township 23, Range 28, West of the 4th Meridian is now being duly registered in the books of the Department, and the patent will be issued in due course to Miss Key.

I observe, however, that you have collected from Mr. Key the sum of \$480.00, assuming the area of the quarter section to be 160 acres, the plan of this township, however, shows the area to be 161 $\frac{26}{100}$ of an acre. You will therefore be good enough to notify Miss Key that there is a difference to be accounted for of \$3.78, and to ask her to be kind enough to forward that amount.

Your obedient servant,

Dear Sir,

I beg leave to make application to abandon my Pre-emption, the S. E. $\frac{1}{4}$ of Section 16, - Township 22, - Range 1, - West of the 5th Mn. as I find I cannot pay for it.

On the 27th of December 1887, I paid the first payment \$133. 33 .

I now find I am entitled to a second Homestead, and I am willing to abandon the payment I have made provided I am allowed to make my Pre-emption my second Homestead entry.

Trusting I will have an early and favorable answer,

Sir,

Referring to your letter of the 28th ultimo, Ref. 19187 on 3537, I am directed to say that our records do not show that the pre-emption entry of David Wellington Vader for the S.E. 1/4 of Section 16, Township 22, Range 1, W.5.M., was ever cancelled, and apparently still stands in your books as originally acquired.

If he did not avail himself of the privilege of second entry prior to his death, this right cannot now be exercised by his legal representative on his behalf, it having expired with him.

If the land were vacant, it would be optional for anyone eligible for the purpose to apply for entry as an ordinary homestead, or if the land is liable to cancellation, you would be justified in receiving an application to that end and deal with it in the ordinary way.

Sir,

When Charles A. Vider applied at this Office to ascertain if he could enter for the Pre-emption of his late brother David Hollington Vider, he stated he desired to do so as legal representative, & the latter had died in the month of Jan. last, which was mentioned in my letter of the 10th of Jan. In all my correspondence I have been in communication with C. A. Vider, who was acting as legal representative of the late David Hollington Vider, and in my letter of the 10th of Jan. I stated that I had it made in C. A. Vider's personal capacity. This I think is a oversight on my part, as it is in this Office in this, it seems as I think that C. A. Vider still desires to enter as legal representative. So I suppose if he does enter as mentioned, he need not pay in the value of the improvements; instructions on this land desired.

In your application for Homestead entry for your brothers Pre-emption, the S. Now you see that as legal representative you cannot take that oath, but will have to enter individually, therefore the value of the improvements made by your late brother will require to be paid for by you, the money so paid by you might possibly be refunded you as administrator for the benefit of the Estate, if you asked to have that done.

See this Office Weekly Return of the 15th instant for final payment of \$197.87 made by Charles A. Vader in connection with the S. E. 1/4 of 16 - 22 - 1, West of the 5th. In calculating the amount due, the \$15.25 of interest which should have been collected on the 12th July, 1900, was added to the \$20.84 of interest collected at that time and the balance of unpaid principal brought down as \$190.27, upon which interest has been charged since that date, amounting to \$7.60. This may interfere with your books at Head Office as in making up the account in that way it would place the amount of principal paid on the 12th July last at \$63.91, in reality what it should have been instead of \$79.16.

I Joseph Didsbury .do solemnly swear that when I made the necessary affidavit before the Agent of Dominion Lands .Calgary, on the 16th of April, 1896, for Homestead entry for the N. W. $\frac{1}{4}$ 12, - 27, - 22, - W. of 4th Mn. I did not read it carefully over, and if I made affidavit that I had obtained a Patent for my former Homestead, the N. W. $\frac{1}{4}$ 24, - 25, - 22, - W. of 4th Mn. after residing upon, and cultivating the same for three years, I stated what was incorrect. I had a Homestead entry for said last mentioned $\frac{1}{4}$ Section, which was cancelled, but I obtained permission to make another entry, which permission has been filed with said Dominion Lands Agent.

Subscribed and sworn to this,

Sir,

I enclose an affidavit to be taken by you, before a Justice of the Peace? It explains the mistake made by using the wrong form, a copy of each is enclosed. The one marked "x" is the one used, whereas the unmarked one should have been.

It may be that the Department will rule you must appear here again either by yourself, or Agent, to make said entry de novo, but trust the course adopted will be sufficient. Please attend to this at once. I presume there is a Justice of the Peace at Gleichen.

DOMINION LANDS OFFICE,

Calgary. April 21th. 1906. 189

Sir.

Enclosed find copy of letter to one Joseph Didsbury regarding a homestead entry made by him to the N. W. $\frac{1}{4}$ 12. - 27. - 22. - W. of 10th Mn. which explains the mistake made, and I trust the steps taken will be sufficient to remedy it, if not direct what is to be done.

Didsbury came to Calgary on a freight train, from Gleichen, expecting to reach here about mid-day, he did not until after 1 P. M. reaching the Office about 5. asked as a favor if his entry would be then taken thereby obviating having to remain in Calgary 24 hours longer.

It was granted I suppose in haste, the error was made, partly the fault of the applicant, and partly that of this Office.

I believe all the improvements have been completed and in fact everything else necessary to obtain the Patent. As he would like to obtain the Patent as soon as possible, will you inform the Home-stead Inspector to inspect the land.

In reply to your letter of the 18th instant, I am directed to say that owing to the way in which the form of statement is filled up by Mr. Leed McLeod, as to the duties performed upon the S.W. 1/4 of section 6, Township 51, Range 24, N. 4 W., the homestead of the deceased Donald McLeod, it is impossible to say whether the requirements of the Act have been fully met. If Mr. Leed McLeod is in a position to prove six months' residence and cultivation in each of three years by the deceased in his lifetime, and afterwards by some one on behalf of the legal representatives he should proceed to the local Agency and make application in the usual way.

Sir,

Referring to your letter dated the 4th ult 333902 I beg to enclose herewith Mr Coleman's report on the N W 1/4 6- 51- 24 W4th M. Which shews that no residence on this land has been performed, by either the late Donald McLeod, or anyone on behalf of the estate, an account of the matter which agrees with the information given me some months since by the brother of the deceased, who is also administrator of the estate.

The brother I believe now in Scotland. I do not know his address. Cancellation notices was, on the 23rd April last, addressed to the Legal Representatives of the Estate - Edmonton - It is understood that Mr Woodworth was acting for the Estate in the Administrator's absence. As the notice has not been returned to me it has probably reached some one acting for the Estate.

From what McLeod said to me in the matter it did not seem to be probable that he would himself go into residence, or that he sufficiently valued this particular property to feel warranted in employing any one to perform the homestead duties. The Estate has had ample time for action and as it is very desirable to bring the land under occupation I would recommend that cancellation proceedings be allowed to take the usual course.

The Inspector's report mentions the only improvements as consisting of a house valued at \$ 15 and 4 acres of stubble valued at \$ 12 - \$27 in all.

Your obedient servant.

Memorandum.

1st acty. Dir. 11/10/96

In my memorandum of the 17th ultimo, hereunder, on which you subsequently endorsed your approval, I recommended that a refund cheque be issued to Mr. Peter Stockman for the sum paid by him for the improvements on the ~~2-10-1~~^{NW 1/4} of Section 2, Township 21, Range 24, West of the 4th Meridian, less the sum of \$1.50 to be deducted therefrom, which latter amount represents the actual value of the improvements on the land. I stated in the said memorandum that the amount paid by Mr. Stockman for the improvements was \$9.54, but my attention has since been drawn to the fact that the amount paid was \$20, out of which, however, the sum of \$10.40 was at the time deducted to be applied to the payment of his seed grain indebtedness, which latter amount it was afterwards found had been so applied by mistake, as Mr. Stockman had previously discharged this liability. I, therefore, recommend that a refund cheque be issued to Mr. Stockman for \$18.50, which represents the whole amount paid by him less \$1.50 for the breaking of which he gets the benefit.

Respectfully submitted,

Dear Sir :

Re: S.E. 10-34-28-4th E.

We beg to advise that we are making out contracts covering the sale of the above described land and on obtaining an Abstract from the Land Titles Office we notice there is a seed grain lien registered against this land by the Crown, Aug. 11th, 1915 for the sum of \$203. with interest at 5%.

We have made inquiry at the Dominion Land Office here in Calgary in regard to this lien but they do not appear to have any record of same on their files and upon inquiry at the Land Titles Office they state that they have no record whatever of the name of the man against whom this seed grain lien is registered.

We would appreciate it very much if you would kindly let us have a statement showing the amount owing to date and also the name of the man who received the seed grain. We will have to make arrangements with the Purchaser of this land to assume this obligation and make settlement with you regarding same.

Thanking you for your kind attention to this matter, we are.

there has only been in all fifteen acres taken
on the quarter. The rest being already a
timber - so you see it would not be reasonable
to get two hundred and three dollars worth
of seed from the fifteen acres.

Hope you will give this your immediate
attention and have the matter adjusted.

Sir:-

I am buying the S.E. quarter Sec 10. T. 34
R. 28 W. 4 Mer. from Mr Coons, Seattle, Wash.
and find that the Government have the
sum of two hundred and three dollars (\$203.⁰⁰)
and interest at 5% registered against it on 11
Aug. 1915 for seed grain.

Now I have received a mail from his grandfather
the past thirteen years and the last crop of
knowledge was put in in 1912 - He says the
homesteaded the quarter had a sale - in the same
part of 1912 and found the land to his own
neighbor - Mr H. Burton who bought it in the year
1912. The homesteader L. Pierce is now working
with the B. C. Burtons and is still owner.

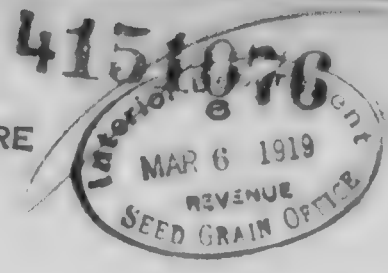

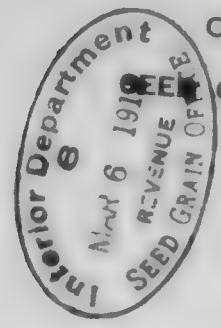

In the year 1915 P. W. Wood & C. V. Blumie had
the North East quarter sec 10. T. 34 R. 28 W. 4 - used
in partnership (also N.W. qr sec 11. T. 34 R. 28 W. 4) and
they to my certain knowledge got seed grain
from the Government in that year - 1915. So I am
sure that this seed grain should be against
the North East quarter 10. T. 34 R. 28 W. 4 instead
of the South East quarter of 10. T. 34 R. 28 W. 4 - for
on the South East quarter of this section 10.

Re N.E.10-34-28-W4th.
N.W.11-34-28-W4th.
B. S. Glangie, & P. M. Ward.

The above men received Seed Grain from the Department amounting to \$203.00 giving as security a lien on the land above described. No payments have been made in this connection. It appears that this lien has been registered against all of Section 10.

Some time ago action was taken regarding the removal of this lien from the N.W.10 and I am now in receipt of a letter from one A. M. Nisbet who is negotiating for the S.E.4 and wishes this lien removed from same.

As our security in this matter seems rather vague I would suggest that before any action is taken you get in touch with Messrs. Glangie and Ward and endeavour to make collection of the account advising me as to the results.

Their addresses are as follows:-

B. S. Glangie,
c/o The Empire Garage, Calgary.
P. M. Ward,
N.E.10-34-28-W4th, Nisbet S.O., Alta.

The following is a statement of the account.

MEMORANDUM:

Mr. Campbell.

Re 3.4.10-34-23-74th.

B. S. Glangie and F. N. Ward received from the Department Seed Grain amounting to \$203.00 plus interest giving as security for same a lien on Section 10-34-23-74th. On their application for this grain they described their security as "Homestead N.W. 10-34-23-74th and Purchased Land N.W. 11-34-23-74th."

On the 8th January last Messrs. Lasher and Gillilan, Ltd., wrote the Department with reference to this lien being registered against the S.W. 10. They were advised that the lien was a correct charge against the land.

On the 1st March, 1910 Mr. A. E. Bisbet wrote the Department stating that he was purchasing the S.W. 10. In his letter he pointed out that he did not think that the lien in question was a correct charge against this land as he had lived in the vicinity of this quarter for a considerable period and to his knowledge it had not been dropped since 1912.

The matter was referred to Mr. Rattle with instructions that he get in touch with Messrs. Glangie and Ward and endeavour to collect or obtain some security for the indebtedness as their interest in any of the land seemed to be very vague.

In reply he submitted the following report.

"F. N. Ward is Postmaster at Bisbet, Alta. and is renting the N.W. 10 and N.W. 11-34-23-74th from W. J. Border of Legal Alberta who is the Registered Owner. I was unable to locate B. S. Glangie who was farming this land in 1915 in partnership with Ward. Ward tells me they had no authority to place liens against this land. 50 acres were in crop in 1915 and the resultant crop was 1500 bushels which they divided between them after paying out \$200.00 ('Two Hundred Dollars') as sent to W. J. Border. Ward does not wish in any way to repudiate his indebtedness but having started with little or nothing he has had difficulty in maintaining himself and family. At my suggestion and to establish good faith in this matter he has promised to forward small payments as soon as possible but he declined absolutely to give either Mortgage or Promissory Note.
(signed) W. J. Border."

Please advise what further action should be taken in this matter.

Re S.E. 10-34-28-74th,
B. S. Glangie & P. M. Ward.

B. S. Glangie and P. M. Ward encumbered
the land above described with Seed Grain as follows:

Principal Seed Grain.....\$203.00
Int. at 5% from 26-4-15 to date of payment.

On their application for same they gave as security
all Section 10-34-28-74th.

On the 1st of March last a Mr. A. M.

was of the opinion that this lien was illegally
clouding the title to the S.E. 10.

The matter was referred to Mr. Cuttle
with instructions that he get in touch with Mr.
Ward or Mr. Glangie and endeavour to collect.

Mr. Ward was interviewed and admitted that
neither he nor Glangie had any right to encumber
this land with Seed Grain. He has promised to pay

I would, therefore, recommend that the
lien be removed from the S.E. 10.

Sir,

Re S.E. 10-34-28-W. 4th M.

I beg to inform you that Mr. A. M. Nisbet of Nisbet, Alberta, advises that a lien for \$203.00, given by B. B. Glangie and P. H. Ward for seed grain advanced to them in 1915, should not cloud the title to the above described land, and to say the records here show that the land affected by the advance in question is erroneously described in the lien as the whole of Section 10-34-28-W. 4th M., instead of the North East quarter of this section and the North West quarter of section 11 in the same township and range.

You are, therefore, hereby authorized and requested to remove from the said the S.E. 10-34-28-W. 4th M., the lien in question for \$203.00, registered against it in error.

A copy of this letter is being sent to Mr. Nisbet for his information.

Kindly advise me of the action you may take in this matter.

In the Spring of 1915 Messrs. Glangle and Ward received Seed Grain from the Department amounting to \$203.00 giving as security for same a lien on all of Section 10-34-28-74th and the N.W. 11-34-28-74th. Some time later action was taken regarding the removal of this lien from the N.W. and S.W. 10-34-28-74th, investigation subsequently proving that the lien was wrongfully registered against these quarter sections. As there seemed to be some doubt as to the remaining security in this case, the matter was referred to Mr. Cuttle for investigation. In reply he submitted the following report from Mr. Homestead Inspector V. J. Bipp:-

"P. W. Ward is Postmaster at Nichet, Alta. and is renting the N.W. 10 and N.W. 11-34-28-74th from W. J. Border of Legal, Alberta who is the registered owner. I am unable to locate N. S. On the 15th September last this case was included in a list of cases of similar nature forwarded to Mr. Cuttle for action regarding immediate collection or crop seizure. He has now submitted a report from Mr. Homestead Inspector P. A. Woodlock which reads as follows:-

"On the 25th instant I visited said land. Mr. Glangle is supposed to be in Winnipeg working on a farm. Mr. W. J. Border, owner of said land, lives in Legal, Alta. "lumber house value about \$350.00, Barn \$300.00 all
"fenced. Stock Mr. Ward claims belongs to his one
"two year old steer and two calves and four horses.
"This stock he claims can't be taken from him as he is
"allowed this by law. After close questioning him I
"brought out that he has six cows milking from which he
"sells the cream, also has 5 or 6 horses to sell. Now
"he claims these 5 or 6 horses and milk cows are on
"shares. Information from the neighbours claim they are
"not on shares with anyone unless it is his wife.
"There are also 5 stacks of oats stocked in barn yard
"and about 8 acres in shock. Mr. Ward is also Post-
"master at Nisbet. He also has the contract of carrying
"the mail from Bowden to Nisbet, a distance of 8 miles.

"The whole proposition is this, in the first place
"he lied to me and informed me the Department had no
"hold on him as he did not own the land. He advised me
"if he ever made up his mind to pay this indebtedness
"he would pay \$150.00 and interest and no more. The
"Department could go to for the rest. He was very
"saucy. He claims Mr. Glancie is responsible for the
"debt and he never asked for it himself, and claims
"you cannot get blood out of a stone.

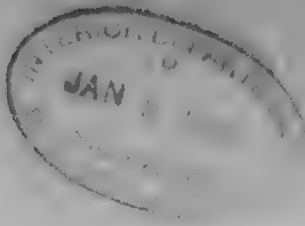

"Now he is Postmaster, mail carrier, sells cream
"from 6 cows, has 5 stacks of oats in the barn yard and
"about 8 acres in shock. He has never paid anything on
"this account and won't if he can get clear of it. I
"would recommend that his crop be seized at once.

"I might mention he has 60 acres broken on the
"N.W. 1/4 10 and all improvements are on Sec. 10 with the
"exception of 25 acres and fence on the N.W. 1/4 11."

Mr. Cuttle has suggested that it might be a good
idea to take this man's case up with the Postmaster General
with a view to making some arrangement whereby monthly
payments could be deducted from his salary until the indebt-
edness is paid in full.

I am of the opinion that, as Ward admits benefitting from the crop grown from Government Seed Grain and made no provision for the payment of the indebtedness, and furthermore evidently wants to evade payment, the case should be placed in the hands of the Department's Solicitors in Calgary for immediate collection.

Dear Sir:-

Re. Loan A.4822 - William J. Border.
NE¹. 10 - 34 - 28 West 4th.

Mr. William J. Border of Legal, Alberta, for whom we are negotiating a loan on security of the above land, has requested us to write you in connection with a Seed Grain Lien amounting to \$203.00 registered against this property on the 11th of August 1915, this Seed Grain having been granted to B. S. Glangie and F. N. Ward.

Mr. Border informs us that he homesteaded this farm twelve years ago and since then has not disposed of the land in any way except that he rented the property for the years 1914 and 1915 to Glangie and Ward at a rental of \$150.00 annually. He also states that he never made any application to the Government for Seed Grain, nor did he authorise his

N. O. Cote, Esq.

Feb. 23rd, 1917.

tenants to do so, and in fact the first notice he received that this Seed Grain Lien was charged against the property was when we obtained a Certificate of Charge in connection with the loan which we are making him.

We should be obliged if you would take this matter up at once and have the Lien removed from the Title, as we presume that in view of the fact that Mr. Border, the owner, did not sign any application for Seed Grain the Government will have to look to the tenants personally for repayment of the amount which they advanced.

We may say that we understand from Mr. Border that this land is still rented to one of the above parties, namely F. N. Ward, and possibly this information may be of service to you in having the matter straightened out.

We are also taking the matter up with Mr. H.C. Cuttle, Chief Inspector of Dominion Lands at Moose Jaw, and we trust that there may not be much delay in having this Lien removed, as Mr. Border is anxiously awaiting the closing of his loan in order to enable him to purchase some stock which he requires before Spring.

Yours truly,

CWBB/P.

Manager.

I am in receipt of your letter dated February 27th, with reference to the Seed Grain lien for \$203.00, given by B.S. Glangie and F.N. Ward on the 26th April, 1915.

In reply I may say this lien was signed by both Glangie and Ward, who gave Sec.10-34-28-4 as security.

On their application for this Seed Grain the applicants described their security as follows:

"Homestead" NE-10-34-28-4.
"Purchased Land" NW-11-34-28-4.

There is a letter on file in this Department from John Quigg, Barrister at Red Deer, acting for Mr. Hoare, apparently the owner of the NW-10-34-28-4, protesting against the registration of this lien against his land.

There is also a letter on file from W. J. Border protesting against the registration of this lien against his land and stating that B.S. Glangie and F.N. Ward are his tenants on this land.

When you have determined what the correct security for this indebtedness is, I would request that you notify this Department so that the records here may be corrected.

Sir:-

No. NW-10-34-28-W4th.
Wm. J. Border.

I am in receipt of your letter dated February 27th, with reference to the Seed Grain lien for \$203.00, given by H.S. Glangie and F.N. Ward on the 26th April, 1915.

In reply I may say this lien was signed by both Glangie and Ward, who gave Sec. 10-34-28-4 as security.

On their application for this Seed Grain the applicants described their security as follows:

"Homestead" NW-10-34-28-4.
"Purchased Land" NW-11-34-28-4.

There is a letter on file in this Department from John Quigg, Barrister at Red Deer, acting for Mr. Hoare, apparently the owner of the NW-10-34-28-4, protesting against the registration of this lien against his land.

There is also a letter on file from W. J. Border protesting against the registration of this lien against his land and stating that H.S. Glangie and F.N. Ward are his tenants on this land.

When you have determined what the correct security for this indebtedness is, I would request that you notify this Department so that the records here may be corrected.

Sir:-

To H.E-10-34-28-14th
Re H.E-11-34-28-
F.R. Ward & B.S. Glangie

I have according to instructions investigated the above mentioned claim and beg to report as follows:-

I went out to this land, which is situated about eight miles East of Bowden, Alberta, and found F.R. Ward is still farming this land having a lease for five years at a rental of \$200.00 per year and taxes which are about \$40.00 a year. He is putting in fifty acres of crop on this land, but has no grain left from last year's crop, claims that he had a crop failure.

Glangie & Ward have dissolved partnership and Ward is carrying on the farm. B.S. Glangie is working for a farmer at Atkinson, Alta., and Ward claims that Glangie is to pay \$50. on the seed grain indebtedness to the Department, and this is corroborated by Mrs. Glangie, who I had a interview with at Bowden. She is leaving to join her husband at Atkinson and she suggested paying this \$50. on July 1st, 1917. Ward claims that he cannot pay anything until he gets it out of the proceeds of 1917 crop. Ward has three cows, two yearling heifers and one team of horses and several pigs, which he claims are encumbered for \$300.00.

I had a interview with the Manager of the Union Bank at

H.G. Cuttle Esq.,
Chief Inspector of Dom. Lands.
Minnedosa.

at Bowden re this claim, and he is of the opinion that they are not very strong financially, but thinks they are honest and will pay this claim. I am of the opinion that this should be subject to an early collection in the fall of 1917.

B.S.Glangie is working for a farmer near Etsikom, by the name of C.C.Hatching. I do not hold out any hopes that there will be any money collected from him until he gets the 1917 crop, but I feel confident that we can get the \$50.00 from Glangie on or about the 1st of July.

Dear Sir,

Re. N.E. 10-34-28 W.4th.
William J. Border.

In reference to yours of March 10th, file #403576, concerning the seed grain indebtedness against the above, I beg to say that I sent one of my roadmen out to try and direct a settlement. He has now returned, and you will find attached a copy of his report. You will note it is absolutely impossible to collect the full amount of this indebtedness until the 1917 crop is taken off. Mr. Glengie has promised to pay his share \$50.00 on or about the 1st of July, and Mr. Ward will pay the balance immediately after harvest. Mr. Ward is still on this land as tenant but has not sufficient security to give us. If the lien was discharged, I could have my roadmen watch Mr. Ward at threshing time and secure the full amount of the indebtedness.

Re N. E. 10-34-28-W. 4th M.
William J. Border.
E.S. Glangie & F.N. Ward.

This case was brought to the attention of the Department by Mr. W.J. Border of Legal, Alberta who claims that the lien for \$203.00 given by E.S. Glangie & F.N. Ward should not have been registered against this land as the lienors had no interest in the said land except as lessees; this is one of the cases in which Mr. Appleton has interested himself.

The matter was referred to Mr. Cuttle for investigation, and his report dated the 18th ultimo will be found on file hereunder.

Mr. Cuttle states:

"You will note it is absolutely impossible to collect the full amount of this indebtedness until the 1917 crop is taken off. Mr. Glangie has promised to pay his share \$50.00 on or about the 1st of July, and Mr. Ward will pay the balance immediately after harvest. Mr. Ward is still on this land as tenant but has not sufficient security to give us. If the lien was discharged, I could have my roadman watch Mr. Ward at threshing time and secure the full amount of the indebtedness."

I beg to inform you that representations have been made to this Department that the lien for \$203.00 given by Messrs. F.N. Ward and B.S. Glancie in connection with all of section 10-34-28-W.4th M., is improperly registered in the Land Titles Office against the said land, as Mr. Border, the owner, did not join in or consent to the said lien being given against his land, and that the said lien illegally clouds the title to the N.E. 1/2 of 10-34-28-W.4th M.

In the event of the Land Titles Office records showing that F.N. Ward and B.S. Glancie have no interest at the present time, nor had any interest on the 26th April, 1915, in the said N.E. 1/2 10-34-28-W.4th M., you are hereby authorized and requested to remove the lien for \$203.00 from the land mentioned.

A copy of this letter is being sent the Canadian Mortgage Association, Edmonton, who have written to the Department in this case.

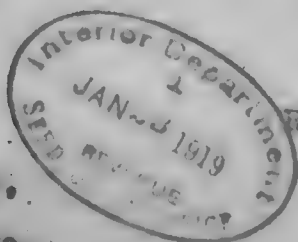

Kindly advise me of the action you may take in this matter.

The above men received Seed Grain from the Department amounting to \$203.00 giving as security a lien on the land above described. No payments have been made in this connection. It appears that this lien has been registered against all of Section 10.

Some time ago action was taken regarding the removal of this lien from the H.R. 10 and I am now in receipt of a letter from one A. H. Nisbet who is negotiating for the H.R. 10 and wishes this lien removed from same.

As our security in this matter seems rather vague I would suggest that before any action is taken you get in touch with Messrs. Glangle and Ward and endeavour to make collection of the account advising me as to the results.

General Remarks Continued:-

P. N. Ward is a farmer at his lot Alberta & is renting the above land from W. J. Border of Legal Alberta who is the Registered Owner. I am unable to locate B. S. Glogie, who was farming this land in 1915 in partnership with Ward. Ward tells me they had no authority to place liens against this land. So acres were in crop in 1915 & the resultant crop was 1500 bushels which they divided between them after paying out \$200.00 (Two Hundred Dollars as rent to W. J. Border). Ward does not wish in any way to interfere with his indebtedness but having dealt with estate or nothing he has had difficulty in remembering himself & family. At only suggestion & in order to establish good faith in this matter he has promised to forward small payments as soon as possible but he declined absolutely to give either mortgage or promissory note.

MEMORANDUM:

Re-S.E.10-34-28-W4th.

B. S. Glangie and F. N. Ward received from the Department Seed Grain amounting to \$203.00 plus interest giving as security for same a lien on Section 10-34-28-W4th. On their application for this grain they described their security as "Homestead N.E.10-34-28-W4th and Purchased Land N.W.11-34-28-W4th."

On the 8th January last Messrs. Lasher and Gillilan, Ltd., wrote the Department with reference to this lien being registered against the S.E. 10. They were advised that the lien was a correct charge against the land.

On the 1st March, 1919 Mr. A. M. Nisbet wrote the Department stating that he was purchasing the S.E. 10. In his letter he pointed out that he did not think that the lien in question was a correct charge against this land as he had lived in the vicinity of this quarter for a considerable period and to his knowledge it had not been cropped since 1912.

The matter was referred to Mr. Cuttle with instructions that he get in touch with Messrs. Glangie and Ward and endeavour to collect or obtain some security for the indebtedness as their interest in any of the land seemed to be very vague.

In reply he submitted the following report.

"P. M. Ward is Postmaster at Nisbet, Alta. and is renting the N.E.10 and N.W.11-34-28-W4th from W. J. Border of Legal Alberta who is the Registered Owner. I am unable to locate B. S. Ward tells me they had no authority to place liens against this land. 50 acres were in crop in 1915 and the resultant crop was 1500 bushels which they divided between them after paying out \$200.00 (Two Hundred Dollars) as sent to W. J. Border. Ward does not wish in any way to repudiate his indebtedness but having started with little or nothing he has had difficulty in maintaining himself and family. At my suggestion and to establish good faith in this matter he has promised to forward small payments as soon as possible but he declined absolutely to give either Mortgage or Promissory Note.

I beg to inform you that Mr. A. M. Hisset of Glengie and F. E. Re N.W. 10-34-28-74th.

N.W. 11-34-28-74th.

W. S. Glangie & P. E. Ward.

In the Spring of 1915 Messrs. Glangie and Ward received Seed Grain from the Department amounting to \$203.00 giving as security for same a lien on all of Section 10-34-28-74th and the N.W. 11-34-28-74th. Some time later action was taken regarding the removal of this lien from the N.W. and S.W. 10-34-28-74th, investigation subsequently proving that the lien was wrongfully registered against these quarter sections. As there seemed to be some doubt as to the remaining security in this case, the matter was referred to Mr. Cuttle for investigation. In reply he submitted the following report from Mr. Homestead Inspector V. J. Brier:-

"P. E. Ward is Postmaster at Nisbet, Alta. and is renting the N.W. 10 and N.W. 11-34-28-74th from W. J. Border of Legal, Alberta who is the registered owner. I was unable to locate B. S. Glangie who was farming this land in 1913 in partnership with Ward. Ward tells me they had no authority to place liens against this land. 50 acres were in crop in 1913 and the resultant crop was 1500 bushels which they divided between them after paying out \$200.00 (Two Hundred Dollars) as seed to W. At my suggestion and to establish good faith in this matter he has promised to forward small payments as soon as possible but he declined absolutely to give either Mortgage or Promissory Note."

On the 1st September last this case was included in a list of cases of similar nature forwarded to Mr. Cuttle for action regarding immediate collection or crop seizure. He has now submitted a report from Mr. Homestead Inspector P. A. Woodcock which reads as follows:-

"On the 25th instant I visited said land. Mr. Glangie is supposed to be in Winnipeg working on a farm. Mr. W. J. Border, owner of said land, lives in Legal, Alta. Mr. Ward is on the land, has it rented for \$200. per year, the taxes \$50. per year. Improvements on the N.W. 11 and consist of 25 acres of breaking and all fenced, also school house and shed on

"this quarter. Improvements on the N.W. 4 consist of
"plumber house value about \$150.00, Barn \$100.00 all
"fenced. Stock Mr. Ward claims belongs to him one
"two year old steer and two calves and four horses.
"This stock he claims can't be taken from him as he is
"allowed this by law. After close questioning him I
"brought out that he has six cows milking from which he
"sells the cream, also has 5 or 6 horses to sell. Now
"he claims these 5 or 6 horses and milk cows are on
"shares. Information from the neighbours claim they are
"not on shares with anyone unless it is his wife.
"There are also 5 stacks of oats stacked in barn yard
"and about 8 acres in shock. Mr. Ward is also Post-

"the mail from Bowden to Nisbet, a distance of 8 miles.

"The whole proposition is this, in the first place
"he lied to me and informed me the Department had no

Deputy Minister of the Interior.

Re H.E.10-34-28-S.4th.
H.E.11-34-28-S.4th.
H.E. Glancie and F.E. Ward.

In the spring of 1916, Messrs. Glancie and Ward received Seed Grain from the Department to the amount of \$205.00, giving as security a lien on Section 10-34-28-S.4th., and the H.E.11-34-28-S.4th. Sometime later action was taken regarding the removal of this lien from the H.E. and S.E.10, when investigation proved that this lien was wrongfully registered against these quarter sections. As there seemed to be some doubt as to the security remaining, the matter was referred to Mr. Cattle for investigation. In reply he submitted the following report from Remounted Inspector F.J. Blair:

"F.E. Ward is Postmaster at Elnor, Alta. and is renting the H.E.10 and H.E.11-34-28-S.4th. from A.J. Borders of Lethbridge, Alberta, who is the registered owner. I am unable to locate E.E. Glancie, who was farming this land in 1915 in partnership with Ward. Ward tells me they had no authority to place liens against this land. 40 acres were in crop in 1915 and the resultant crop was 1500 bushels which they divided between them after paying out \$200.00. He sent to A.J. Borders. Ward does not wish in any way to repudiate his indebtedness but having started with little or nothing he has had difficulty in maintaining himself and family. At my suggestion and to establish good faith in this matter he has promised to forward small payments as soon as possible but he declined absolutely to give either Mortgage or Promissory Note."

On the 18th September last, this case was

included in a list of cases of a similar nature forwarded to Mr. Cattle for action regarding immediate collection or crop seizure. He has now submitted a report from Homestead Inspector P.A. Woodlock, which reads as follows:

"On the 25th instant, I visited said land. Mr. Glanzie is supposed to be in Minneapolis working on a farm. Mr. W.J. Border, owner of said land, lives in Leval, Alta. Mr. Ward is on the land, has it rented for \$200. per year. The taxes \$50. per year. Improvements on the N.W. 1/4 11 and consist of 25 acres of breaking and all fenced, also school house and shed on this quarter. Improvements on the S.E. 1/4 consist of lumber house value about \$300.00, Barn \$200.00, all fenced. Stock Mr. Ward claims belongs to him, one two-year old steer, and two calves and four horses. This stock he claims can't be taken from him as he is allowed this by law. After close questioning, I brought out that he has six cows milking from which he sells the cream, also has 6 or 8 horses to sell. Now he claims these 6 or 8 horses and milk cows are on shares. Information from the neighbours claim they are not on shares with anyone unless it is his wife. There are also 5 stacks of oats stacked in barn yard and about 5 acres in shock. He also has the contract of carrying the mail from Borden to Riset, a distance of 8 miles. The whole proposition is this, in the first place he lied to me and informed me the Department had no hold on him as he did not own the land. He advised me if he ever made up his mind to pay this indebtedness he would pay \$150. and interest and no more. The Department could go to for the rest. He was very sneaky. He claims Mr. Glanzie is responsible for the debt and he never asked for it himself, and claims you cannot get blood out of a stone. Now he is Postmaster, mail carrier, sells cream from 6 cows, has 5 stacks of oats in the barn yard and about 5 acres in shock. He has never paid anything on this account and won't if he can get clear of it. I would recommend that his crop be seized at once."

Mr. Cattle has suggested that it might be a good idea to take this man's case up with the Postmaster

General with

General with a view to making some arrangement whereby monthly payments could be deducted from his salary until the indebtedness is paid in full.

I am of the opinion that, as said admits benefitting from the crop grown from Government Seed Grain and made no provision for the payment of the indebtedness, and furthermore evidently wants to evade payment, the case should be placed in the hands of the Department's Solicitors in Calgary for immediate collection.

Respectfully submitted,

Controller of Revenue.

"On the h.f. consist of lumber house, value about \$130.00, barn \$100.00, all fenced. Stock Mr. Ward claims belongs to him, one two year old steer, and two calves and four horses. This stock he claims can't be taken from him as he is allowed this by law. After close questioning, I brought out that he has six cows milking from which he sells the cream, also has five or six horses to sell. Now he claims these five or six horses and milk cows are on shares. Information from the neighbours claim they are not on shares with anyone unless it is his wife. There are also 5 stacks of oats stacked in the barn yard and about 15 acres in wheat. He also has the contract of carrying the mail from London to Hicket, a distance of 8 miles. The whole proposition is this, in the first place he lied to me and informed me the Department had no hold on him as he did not own the land. He advised me if he ever made up his mind to pay this indebtedness he would pay \$150.00 and interest and no more. The Department could go to for the rest. He was very smart. He claims Mr. Dismore is responsible for the debt and he never asked for it himself, and claims you cannot get blood out of a stone. Now he is postmaster, mail carrier, so he grows from six acres, has five stacks of oats in the barn yard and about eight acres in wheat. He has never paid anything on this account and won't if he can get clear of it. I would recommend that his crop be seized at once."

I am now instructed to advise you to point out to Mr. Ward that under the Seed Grain Act of 1915 he has placed himself open to criminal proceedings by disposing of the crop grown from Government Seed Grain without providing for the payment of his indebtedness to the Government and also by obtaining Seed Grain under false pretences and I am further advised to instruct you to communicate with Mr. Ward and advise the Department what action should be taken in this case, after you have communicated with Mr. Ward.

Sir,

Re H. 10-14-1-1411,
H. 11-14-1-1411,
H. 11-14-1-1411 and H. 11-14-1-1411.

I am instructed by the Department of the Interior to place the matter of collection of the said train indentures for the Department by the above set in your hands.

The details of the case are as follows:-

In the Spring of 1917, Messrs. Glawie and Ward received said train from the Department amounting to \$400.00, giving as security for same a lien on the lands above described. Some time later action was taken by different parties regarding the removal of said lien from the H. 10-14-1-1411 and H. 11-14-1-1411. Subsequent investigation proved that the lien was illegally placed on the title to these latter sections.

As the remaining security seemed to be rather doubtful I had an Inspector investigate this case and found that W. J. Ward is a contractor at Lethbridge. W. J. Glawie, however, could not be located. Ward is residing on the H. 10-14-1-1411 and H. 11-14-1-1411 with from a Mr. W. J. Border of Lethbridge, Alberta. He states that neither he nor Glawie had authority to place liens on land in this land. He also states that they realized 1200 bushels on the 1917 crop which was divided between them after paying \$200.00 to W. J. Border. Ward claims he is a contractor to repudiate his indebtedness and on the suggestion of the Inspector and to establish good faith in the matter, promised to pay the balance in small instalments. He, however, declined to give either a mortgage or promisor, but to protect the Department.

On the failure of Mr. Ward to make any of the promised payments, I instructed the Inspector to visit this man and be advised as follows:-

On the 21st instant, I visited said land. Mr. Glawie is supposed to be in Lethbridge, Alberta, on a farm. Mr. W. J. Border, owner of the said land, lives in Lethbridge, Alta. Ward is on the land. The land is rented for \$100.00 per year, the land is for 100 acres. Improvements on the H. 10-14-1-1411 and H. 11-14-1-1411 consist of 20 acres of open land and all fenced. Also several thousand and used on this quarter. Improvements on

Alberta.

"On the N.T. consist of lumber house, value about \$150.00, barn \$100.00, all fenced. Also Mr. Ward claims belong to him, one two year old steer, and two calves and four horses. This stock he claims can't be taken from him as he is allowed this by law. After close questioning, I brought out that he has six cows milking from which he sells the cream, also has five or six horses to sell. Now he claims these five or six horses and milk cows are in shares. Information from the neighbours claim they are not on shares with anyone unless it is his wife. There are also 5 stacks of oats stacked in the barn yard and about 5 acres in shock. He also has the contract of carrying the mail from Howden to Sibet, a distance of 8 miles. The whole proposition is this, in the first place he lied to me and informed me the Department had no hold on him as he did not own the land. He advised me if he ever made up his mind to pay this indebtedness he would pay \$100.00 and interest and no more. The Department could go to for the rest. He was very honest. He claims Mr. Shurtle is responsible for the debt and he never asked for it himself, and claims you cannot get blood out of a stone. Now he is postmaster, mail carrier, so is cream from six cows, has five stacks of oats in the barn yard and about eight acres in shock. He has never paid anything on this account and won't if he can get clear of it. I would recommend that his crop be seized at once."

I am now instructed to advise you to point out to Mr. Ward that under the Seed Grain Act of 1915 he has placed himself open to criminal proceedings by disposing of the crop grown from Government Seed Grain without providing for the payment of his indebtedness to the Government and also by obtaining Seed Grain under false pretences and I am further advised to instruct you to communicate with Mr. Ward and advise the Department what action should be taken in this case, after you have communicated with Mr. Ward.

Dear Sirs

PATENT BRANCH.

Ottawa.

May 1903 I filed on
the S.E. of Sec 28 - 40-22 4.
I found afterward, there was a
church near or on one corner of the
claim, but was told by a land guide
(Gov. land guide) that it was a
question whether the church was
on my claim or on the S.W. of the
same Section. On the strength of
this information I built a house
and moved onto the claim.
Later in running the lines I found
that the line dividing the Section
running north and south cut the
church in two and a portion stands
on each quarter. On November 11-1904
I received a notice of taxes from
Regina, and find I am taxed

for only three copies of land or a
1/20. acres.

by the government; the church, takes
up a large portion of the best land
of the quarter section, leaving the
balance badly cut up with small
and an all round income of
claim. I was also led to believe
by my niece Mrs. Red Deer that
I had a full quarter.

There are a few water & an in-
strument land including in Butte
Lake none of these are in position
the same detachment of land
to grant the same. There are
one of these sections in addition
to that which is in the same.

All subject to the investigation and
report of the Home Stead Inspector

If I had known in time I
could have cancelled my
first taking and have gotten a
full quality elsewhere in the
same township, but those days
are now past.

I have a family of four boys
and we will soon need more
land, or at least more to have
the full allotment of 160 acres.

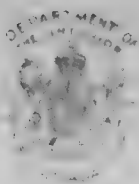

Hoping I may be able to
attend to some business
in my neighborhood.

Yours Truly,

A. B. Anderson.

Sir: I entered for a quarter-section
of Homestead Land at Lacombe
in 1893 (July 8th) and went on
to live on it in July 8th last,
having taken it up on the
five-year plan.

My crop was a total failure
and I lived on it until the middle
of January in order to complete
my six month residence
and then came up here
to South Edmonton and got a
job.

I have not money enough
to go on the place ^{this} summer and
I thought I would write and
ask for ~~one year~~ ^{or at least six months} permission
to live off my place for one year, as
I hope to have enough to start then.
Hoping that you will grant this

Ma an

Sir —

As the extension of time
granted me to complete my
homestead duties on the North
West Quarter, Section Fourteen,
Township Forty, Range Twenty-
seven, west 4th, has expired,
I have again to write and
ask for a further extension of
a year.

As I promised last
year, I had the improvements
called for and had a com-
post and rail fence built
around my breaking and
a corral built. Also a

Small staple

I am having the improvements
looked after this year. all the
breaking is in crop.

The crop last year was a hope
and almost worthless, but we
hope for better luck this year.

I am not in a position to
go onto the place this year. I
could not buy a team or outfit
to go ahead, but have been working
here for the last year and hope
to be able to start on my home-
stead next year.

It does not cost me much
to have the improvements looked
after, but I would like to be
sure that the place will not
be cancelled on me for
another year.

I may say that quite a lot
 of settlers have left here lately
 and it is not very likely that
 any person would want the
 place unless the harvest turns
 out better this year. But I
 would like to be sure of not
 losing the place, and the im-
 provements I have made
 for another year at least.

I will fill up any necessary
 blanks or applications.

Yours truly,

J. C. Jamieson

Sir,

In reply to your letter of the 31st ultimo, I beg to say that it does not appear possible to grant the further protection of your homestead entry for the N.W. 1/4 of Section 14, Township 40, Range 27, W. 4th T. I am to point out that the Act requires certain residence and cultivation of a homesteader, in consideration of which he is granted a free patent for the land he selects, and should he fail to perform his share of the agreement his right to the land is consequently forfeited. Your entry was made on the 14th July, 1896, and it was not until the 1st of Jan. that you performed any residence, and then only until the 1st of January following. You were given six months leave of absence, which has now expired, and there would seem to be no other course but to require you to go into occupation. If you find this impossible, your better plan would be to obtain permission from the Department to abandon your entry and select another homestead at a future date when you are in a position to perform the duties.

I am, Sir,

Your obedient servant,

Secretary.

RECEIVED

The Agent at Red Deer, in his return of 8 December last, reported an entry to the N.W. 4 Sec. 14-40-27 west 47, and along with the entry he also reports the sum of \$52.00, for improvements, collected from the present entrant. The man who made the entry and paid the money, is a brother of the person who formerly had the pre-emption, namely, F. C. Jamieson, and the Agent at this point, when explaining how this sum of money came to be collected, stated that the Officer in charge, during his absence, gave the entry and collected the amount he having overlooked the fact that where persons of a close relationship make entry for land as in this case, the value of the improvements are not to be collected.

Mr Jamieson has now applied for a refund of this

Sir,

I beg to enclose herewith for your approval the application for patent, ~~duly recommended~~, of ~~John Henry~~ Garrison who holds entry for the N.W. Section 14 Township 40 Range 27 W 4 T - M.

I can see no reason why the statements contained in Mr. Garrison's letter, attesting to the application, should not have been embodied in the application for patent. Had this been done I think he would be entitled to a certificate of recommendation. But I do not think I would be justified in accepting a statement not made under oath as evidence.

29.3.01 Mr.

I beg to return herewith the application for patent of John Henry Jamieson, for the N.W. 1/4 14--40--27, W. 4th T., and to point out that the evidence does not show that the homesteader is entitled to credit for time spent with his mother, inasmuch as the location of the land is not stated. The amendments to the Act provided for a homesteader living with his parents, provided the latter occupy farming land in the vicinity and in order to determine this point a description of the quarter section is required. Be good enough therefore to obtain from Mr. Jamieson a supplementary statement and forward it with the application to the local agent for ~~attention~~ attention.

Sir,

In connection with the issue of a patent in your name for the N.W. 1/4 14--40--27, W. 4th M., I am directed to say that as the plan of survey shows this quarter section to be partly covered by water, if this area has since dried up and become dry land and you desire to have the patent issued for the full area of 160 acres, it will be necessary for you to file here a statutory declaration setting forth that the portion shown to be covered by water has since dried up and become entirely dry land; otherwise the patent can only be issued for the area shown to be dry land, namely, 157.25 acres.

Dear Sir

In reply to your of Aug. 6th 1901 file 403745
I would say that since making entry for quarter namely
NW 1/4. 14. 40. 27. W 4 m I have been able to cut hay with
my mowing machine on almost all the land in question
namely about two and a half acres which is supposed to
be covered with water. At the present time there is less
than one acre with water on it and therefore I think
that I am reasonably entitled to a patent for 80 acres
of land Hoping to hear favorably from you on this
matter

W. J. Wood
Sir;

Sometime ago Mr. Walter Cossar living near Calgary called at this office and stated that Mr. Joseph Wood whose homestead is the S. W. 1/4 of 28 - 23 - 29, west of the 4th had not been residing on the land. That he was continually loitering about his place and although he did not care to make application for inspection still he thought it would be a good thing to send him a notice to show cause. After considering the matter I have this day issued a notice to him to show cause why his homestead should not be cancelled. As Mr. Wood is a young unmarried man this I imagine will have the effect of making him remain upon his homestead.

On the 9th day following Fraser appeared to the Surveyor and advised him to the land and on the 11th day that the land was decided as follows:

- Fraser having made no application to the Surveyor for W. 1/2 28 to 29 - 1 W. 34 prior to the survey of the land and the Surveyor's report of the usual cancellation of the survey.

This decision was communicated to the Agent on the 21st July and the Agent made the usual inquiries in due course. There is nothing at all in reference to the purchase of the W. 1/2 28 to 29 - 1 W. 34 which you refer. Dear Sir:

My Homestead is N.E. 1/4 Dec 10
T.R. 44 R. 22 W. 4th M. for which I
understand a patent has been issued in my
favour although it is held in security for
seed grain. I have a very large family to
support and have had many severe difficulties to
overcome since I came here.

My oldest son Victor will be 17
years old in August next, but I will
hereby humbly pray to be allowed to take
and hold a homestead quarter for him.
There is one quarter in this Township very low
land which was taken once but abandoned
again on account of being too low and
floody. As my said homestead is very high
land so should I have no objection and my
said son would like to have that
quarter, being N.W. 1/4 18-44-22-4.

If this my humble prayer should
be granted will I break at least 20
acres there this summer.

Awaiting your esteemed answer

May 5th, 1899.

Sir,

In reply to your letter of the 12th ultimo I am directed to say that you do not appear as yet to have made application for patent for your homestead, the N. E. 1/4 of 17, 18, 22, West 4th, and if the entries have been completed it will be well for you to do so without loss of time. The fact of your having incurred a liability for seed grain will not interfere with the issue of patent as the inebriety will be encased in a room. If you wish to have the homestead Inspector call upon you for the purpose of taking your application the necessary instructions will be given him if you will fill in and return here an enclosed form of statement.

With regard to reserving land for your son, who is not yet 17 years of age I am directed to say that it is not possible to meet your wish. It is considered that such action would be most undesirable in the interest of settlement.

Sir,

In reply to your letter of the 16th instant, I am to say it is necessary to know what land Mr. C. O. Olson formerly held, before granting him permission to take up another homestead. It is of course difficult to trace the matter in the books here, there being so many settlers of that name. One Charles Olson held an entry, for the S.W. 1/4 of 18, 44, 22, West 4th N., which was cancelled in July, 1896, should this be the same person on whose behalf you now write, the presentation of this letter to any Agent of the Indian Lands will serve as the authority for granting you another entry for any available land, on payment of the usual fees.

Department of the Interior,

DOMINION LANDS OFFICE,

Ottawa, 22nd April, 1901.

Sir,

On the recent visit of the Inspector he discovered an ~~apparent~~ oversight in respect of my return of entries for the period ending 15th June last. On the 11th June Joseph K. VanPatten made homestead entry for the S E 1/4 14 16 20 W 4 M his application having been transmitted by mail from the Wetaskiwin Sub-Agency, accompanied by a fee of \$15.00. My then Assistant, Mr Conroy, issued a receipt for only \$10. I have now issued a general receipt for \$5 to cover the cancellation fee and shall include the item in my return for the period ending 23rd instant and have to express my regret for the unfortunate oversight.

Dear Sir:

RE: N.E. 2-46-20-W.4th M.

I beg to inform you that Mr. J. E. Van Patten has requested this office that you be furnished with the evidence of nationality he supplied when making application for patent for his homestead, the N.E. 2-46-20-W.4th M.

In this connection I am to state that the said Edwin Joseph Van Petten made application for patent for the above described land on the 23rd February, 1906. In support of his application for patent he claimed naturalization through his father, Joseph K. Van Patten, who obtained patent for the S.E. 14-46-20-W.4th M. bearing date of the 20th May, 1904. In support of his application for patent the father furnished a Certificate of Naturalization dated the 24th February, 1904. This document is no longer required here and by a copy of this letter I am forwarding it to the Under-Secretary of State, Naturalization Branch, in this City, for any action he may desire to take regarding the return of same.

By a copy of this letter I am advising the correspondent that for further particulars regarding the document in question he should communicate with the above mentioned official.

Commissioner Dominion Lands
Winnipeg Man

Sir

350975

The N.W. 1/4 sec 2 T12.44 R.23
of the 11th T.M. has been abandoned by
my brother James Finzen, he said
lot of land there are 14 acres of last
years breaking in very good condition
for crop this year. I would like
very much to put said plot into crop
this spring if I could be permitted.
to do so I reside on the N.E. 1/4 same
section my Homestead, on which I only
have 20 acres for crop this year.
This abandoned Homestead cannot be
entered for in a regular way unless first
inspected and it will therefore be too late
after entry is made to crop the above 14 acres
and the plot will grow up in weeds and
become worse than useless.

Kindly advise me in regard to above
as early as convenient

Very respectfully Fred H. Finzen

Sir,

One John Owens by reason of settlement prior to survey obtained Homestead & Pre-emption entries to the East 1/4 of Sec. 11, -22, - 1, -W. of the 5th Mn. obtained his Patent in time to entitle him to second entry, paid one fourth of the purchase money on his Pre-emption and then decided to enter for it as a second Homestead, which he did a few days ago. He advises me that on his second Homestead, the S. E. 1/4 his former Pre-emption he now has 42 acres of breaking, and asks if it is necessary to break 40 acres more, continuing his residence on his first Homestead. He urges that it is not advisable to break any more, that the land in its natural state, is more valuable than when broken, I presume if he continues to maintain 40 acres of cultivation it will do.

Owens has proved himself a first class Settler.

Sir,

In reply to your letter of the 1st instant, File 15804, I am directed to say that according to our present practice in dealing with applications for homestead patent under sub-clauses 5 and 6, it is customary to accept as satisfactory cultivation performed prior to entry so long as there is the proper ^{cropped in subsequent years} area to fulfil the requirements of the Act. In the case of Mr. John Orens, S.E. 1 of Section 11, Township 22, Range 1, 5, it would seem that upon his residing upon the land which was his first homestead for six months in each of three years subsequent to entry, and making the usual cultivation upon the S.E. 1, he will be entitled to certificate of recommendation.

Sir,

The Times Sales register, of the Calgary Agency has an entry creating John Greens with \$133.33, one third, not one quarter of the purchase price as stated by me), paid in by him on the 10th of March 1896.

The returns of that month that I sent you, and the sales of the receipt book in the same month, the said month show no receipt as having been issued to Greens.

No entry in the books would appear to be in the handwriting of Mr. J. S. Harris.

I am writing Greens to ascertain if he has a receipt, and to inform me to whom he paid the money; copy enclosed.

Sir,

I am directed to refer you to Mr. Pearce's letter to the Commissioner of the 1st May last, Ref. 15804, respecting Mr. John Owens' former pre-emption, the S.E. 1/4 of Section 11, Township 22, Range 1, West of the 5th Meridian, and to my reply thereto of the 12th of the same month, a copy of which was sent you; and, in this connection, to state that ~~Mr. Owens~~ Mr. Owens has handed to Mr. Pearce, who has forwarded it here, the receipt given him on the 16th March, 1888, by Mr. Harris, then Assistant Agent of Dominion Lands, for \$133.33 on account of the payment of the land in question, which amount has not been reported here, nor does it appear in the books of the Agency. The stub, which bears the same number as the receipt, is dated the 21st March, 1888, and purports to be a receipt for a bond fee of \$20 received from Mr. F.P. Flanigan. From the records here it is observed that on the 11th February, 1895, the Commissioner issued a refund cheque No. 579 for this latter amount, and I am to request that you will advise the Department of the circumstances under which this refund cheque was issued, and that you will also, if possible, obtain from Mr. Flanigan (if he did not return it to the Commissioner when applying for a refund cheque) the receipt which he received from the Agent when he paid the said bond fee of \$20.00; or, if such receipt is not now in his possession, he might be asked to state whether it was a written receipt or one made out on the printed form which was sent him at the time.

On the 1st of May last, under Ref. 20323 on 10804, you wrote to the Commissioner submitting a point whether a settler who has homesteaded his pre-emption, and before entry brought forty acres under cultivation, is required, in order to fulfil the requirements of Sub-Clause B, to break a further area of forty acres.

You were informed that under our practice it was customary to accept as satisfactory cultivation performed prior to entry, so long as the proper area was cropped in subsequent years to fulfil the requirements of the Act. Since writing to you, the Commissioner has had before him one or two applications for patent in which this point has been involved, and by his decision was forwarded to Head Office as a special case, recommended for the favourable consideration of the Minister, on the ground that whilst the letter of the law had not been literally carried out, nevertheless, in his opinion, the equitable requirements of the Act had been fulfilled.

LETTER

Department of the Interior,

Ottawa, 25th September, 1896.

Sir,

475546

With reference to your letter of the 27th ultimo, Ref. 362808, I am directed to inform you that the reply of the Agent of Dominion Lands at Calgary, dated 20th ultimo, No. 15804, a copy of which accompanied your communication in question, does not make the question as to how General Receipt No. 2645 could have been issued to one man on the 16th March, 1898, and the stub thereof show that it was issued to another person on the 21st of the same month, any plainer, nor does it throw any light as to what became of the scrip note paid in by Mr. Owens.

The disappearance of the money does not affect Mr. Owens as he has since changed the entry to a homestead and forfeited any payments he had made, but in the interests of the Department it is thought that it would be as well that the Agent of Dominion Lands at Calgary should quietly ask Mr. Owens if he kept the number of the Scrip note in question or if he could ascertain it from the person from whom he purchased, as having the number of the note it might be traced, if it has since been located.

A copy of this communication has been sent to the Agent at Calgary for his information and guidance.

Sir.

One John Owens by reason of settlement prior to survey obtained Homestead & Pre-emption entries to the East 1/4 of Sec. 11, -22, - 1, -W. of the 6th Tn. obtained his Patent in time to entitle him to second entry, paid one fourth of the purchase money on his Pre-emption and then decided to enter for it as a second Homestead, which he did a few days ago. He advises me that on his second Homestead, the S. E. 1/4 of his former Pre-emption he now has 42 acres of breaking, and asks if it is necessary to break 40 acres more, continuing his residence on his first Homestead. He urges that it is not advisable to break any more, that the land in its natural state, is more valuable than when broken. I presume if he continues to maintain 40 acres of cultivation it will do.

Owens has proved himself a first class Settler.

He called at this Office on the 27th and handed in the enclosed receipt, signed by M. Harris as Asst. Agent. If you compare it with the same number in the stub you will observe near each edge that the perforation was not perfect, and there is a slight tear, but the stub has entered on it \$20.00 being Bond Fee deposited by Francis T. The entry in Time Sales register is dated the 10th of March 1888, the receipt given Owens, the 16th, and the date on the stubb is the 21st of same month. This item is entered in the Cash Book at that date, but on neither the 10th or 16th, nor for some time before, and after said dates can the Owen's entry be found.

Ottawa, July 25 1896

The book of receipts from which the Treasury No. 2645 appears to have been taken out to the A.B.C. Company, by the Inspector of the beginning of 1887 and the name of receipt was reported to him for March 1888. The book will notice the body of the receipt appears in the book. - According to the book the receipt was issued in favour of one F.I. Thompson, for a \$200 bond for, paid in full. I that a person having the name did apply a certificate at that time, the book is out-make entry, - and on the 11th of July 1895. memorandum would a record, change for this amount. Some light might be thrown on the case if he were asked why the receipt was issued. It is a fact that the receipt was issued to him. It would be a matter of course a receipt would be issued and I have. The receipt of the body of the receipt does not appear to have been sent to N.

I am directed to refer you to Mr. Pearce's letter to the Commissioner of the 1st May Inst. Ref. 18804 especially Mr. John Owen's letter in relation, the S.E. 1/4 Section 11, Township 32, Range 1, West of the 5th Meridian, and also the letter of the 10th of the same month, a copy of which was sent you and, in this connection, to state that Mr. James H. Owen has handed to Mr. Pearce, who has forwarded it here, the receipt given him on the 1st March, 1888, by Mr. Harris, then Assistant Agent of Donation Lands, for \$135.75 an account of the payment of the land in question, which amount has not been reported here, nor does it appear in the books of the Agency. The stub, which bears the same number as the receipt, is dated the 1st March, 1888, and purports to be a receipt for a bond for \$20 received from Mr. E.P. Plantman. From the records here it is observed that on the 11th February, 1895, the Commissioner issued a refund cheque No. 579 for this latter amount, and I am to

RECEIVED

Sept 3

1897

The replies from the Commissioner and A. D. L. Calgary do not throw any light - on the mystery of how General Receipt No. 2645 could be issued to one man on the 16th of March, 1888 and the stub thereof show that it was issued on the 21st of March to a different person, nor what has become of the scrip note paid in by Mr Owens.

The disappearance of this money does not appear to Mr Owens as he has since changed the entry to a homestead and forfeited any payments he has made; but in the interest of the Department, it might be well to have the A. D. L. at Calgary quietly ask Mr Owens if he kept the number of the scrip note in question or if he could ascertain it from the party from whom he purchased.

Having the number of the scrip note, it might be traced, if it has since been located.

Sir,

With reference to your letter of the 27th ultimo, ref. 562408, I am directed to inform you that the reply of the Agent of Dominion Lands at Calgary, dated 22nd ultimo, No. 1204, a copy of which accompanied your communication in question, does not raise the question as to whether or not the 2045 could have been issued to the person on the 10th instant, 1916, and the 2045 should have been issued to another person or the same person, any claim, nor does it throw any light on the amount of the note paid in by Mr. Jones.

The disappearance of the money does not affect the fact that you have since changed the order of a check and forfeited any claim to be paid, but in the interests of the Department it is thought that it would be well that the Agent of Dominion Lands at Calgary should quietly ask Mr. Jones if he kept the money of the note in question or if he could ascertain if the money was ever so purchased, as having the matter of the note in question traced, if it has since been located.

A copy of this communication has been sent to the Agent at Calgary for his information and guidance.

I beg to return your File 123026 M.L.&Y.,
Re S.E. $\frac{1}{4}$ 11-22-1, West 5th Meridian, In this case
the mines and minerals are reserved in the letters patent
which were issued on the 11th October, 1902, to Mr. John
Owens, but as this land had previously been entered for by
Mr. Owens as a pre-emption on the 2nd August, 1886, a similar
case was submitted to the Acting Deputy Minister (S.W. $\frac{1}{4}$ 32--
20--29, West 4th Meridian, on File 433657), and it was decided
that in all such cases, where no applications had been made
by the grantee for a supplementary grant of the under-rights,
the under-rights are to be considered as being available
to be dealt with under the regulations respecting the disposal
of minerals.

The mines and minerals having been reserved
to the Crown, as already stated, in the letters patent for
the said S.E. $\frac{1}{4}$ 11-22-1, West 5th Meridian, the under-
rights are, therefore, at the disposal of the Department.

Referring to your letter of the 26th, 1896, No. 361, 617 Ref, 359, 582, instructing me to cancel the entry of Mr. Henry Howard for the S.W. Sec: 6.- 4.- 20.W. 4th. I presume therefore that it is not the intention of the Department to grant re-entry for lands within any of the Townships so handed over to the A. R. & C. Co. On the 26th ultimo, the entry for the S.W.¼ of Section 6, Township 4, Range 20, W.4.M. was cancelled and the Agent instructed to grant re-entry for the land. He now calls attention to Head Office letter dated the 12th February 1896, File 172441, by which he says that all the vacant lands in the Township in question have been handed over to the Alberta Railway & Coal Company, and he presumes that it is not the intention of the Department to grant re-entry for cancelled lands within any of the Townships so handed over to the Company, and he asks if this is the case what disposition is to be made of the improvements on the quarter section above mentioned.

I am inclined to think that the Agent may not be correct in his assumption and that it is not intended that lands cancelled subsequent to the Order in Council referred to should also go to the Company, but I will be glad to have advice on this point and if the land is to be transferred to the Railway please say what should be done with the improvements thereon.

Sir,

I wish to call your attention to the following matter. H. Howard had an entry for the south west 1/4 sec 6 T4. R20. He intended to abandon it. I asked the land agent; in case of Howards abandon ment could Eber Perry get an entry for it. He said that he could, but on Howards abandoning it refused an entry on the ground that the Coal Company (A. R. & C. Co) objected to any settlers on their townships, they owning nearly all the rest of this township.

The Company has secured all
the hay land south of the St Marys
on the pretext of intending to irrigate it.
The townships they own on Mill River
Ridge, about 20 in number, do not need
irrigation and it would be utterly
impossible to do so if they wished.
They have been given every thing
of any value in this country and
if they are given the quarter section
referred to Mr. Perry will be unable
to get any hay for his cattle and
be obliged to move.

Hon. Clifford Sifton,

Minister of Interior.

Dear Sir:-

I beg to enclose a letter on behalf of Eber Perry of Lethbridge regarding a land matter. I beg to call your attention to the statement contained that Mr. Perry has been refused an entry on the ground that the A. R. & C. Co., objected to his entry, as they owned nearly all the rest of the township. I also call your attention to the assertion that the township is not irrigable.

Kindly look into this matter as I find that there has been most accountable refusals of entries of land in Southern Alberta, some of which I will take the liberty of bringing to your notice.

Yours respectfully,

Frank Oliver

*Minister's concerns

Memorandum:-

On the 18th January, 1896, an Order in Council was passed permitting the Alberta Railway and Coal Company to exchange certain portions of their land grant for other townships in the same vicinity, with a view of having their lands in a compact block and thereby permit of the same being irrigated on a large scale. The reasons which led to this action are fully set out in the memorandum of the then Minister of the Interior accompanying the Order in Council, which will be found marked underneath. The exchange was made subject to the reservation, out of the lands granted to the Company in lieu of those relinquished, "of any lands falling "by law to the Hudson's Bay Company or otherwise already disposed of."

On the 2nd September, 1892, one Harry Howard obtained a homestead entry for the South West quarter of Section 6, Township 4, Range 20, West of the 4th Meridian, being a portion of one of the townships granted to the Company under the provisions of the Order in Council above referred to. On the 26th February last Howard's entry was cancelled for non fulfilment of duties, and Mr. Eber Perry, of Lethbridge, now applies through Mr. Oliver, M.P., to re-enter for the land in question.

My opinion is that as this particular quarter-section, and others within the Company's tract similarly situated, are specifically excluded from the provisions of the Order in Council, the Department is in no way bound to hand them

over to the Company, and that there can be no injustice in offering the lands for re-entry by actual settlers. Under the circumstances, I beg to recommend that Mr. Oliver be advised to that effect and the Commissioner of Dominion Lands instructed accordingly.

Respectfully submitted,

In re NW 1/4 Sec 6 Tp 4 Rg 20 W of the 4th M

On the 5th of September 1892 a homestead entry was granted one Henry Howard for the above quarter section. He afterwards abandoned the said land, selling the improvements made by himself to one Eber Perry, who after Howards entry had been duly cancelled, obtained an entry for the same land on the 11th May 1897. He was obliged on making entry to pay for the improvements to the Govt, in spite of his having already purchased them from Howard, As the said Perry is in very poor circumstances, and it was through ignorance of the laws of Homestead that caused him to pay Howard for the improvements, I have been requested to ask that the Government refund him the sum of \$21.00 which was the amount paid to them at the time of his making the entry. Trusting that the matter will receive favorable consideration.

Mr. Rothwell,

With reference to Mr. Magrath's letter of the 9th instant, relative to the SW $\frac{1}{4}$ of Sec. 6 and the SW $\frac{1}{4}$ of Sec. 4, Tp. 4, Rge. 20, W. 4th M., I beg to say that the SW $\frac{1}{4}$ of Sec. 6 is at the present time the homestead entry of Mr. E. S. Perry, granted on the 11th May, 1897. The SW $\frac{1}{4}$ of Sec. 4 is the homestead entry of Mr. W.D. Whitney, granted the 24th September, 1893. This Railway Company asked some time ago, relative to these two quarter sections, that should the entries be cancelled the lands should revert to the said Company, but in the case of the SW $\frac{1}{4}$ of Sec. 6, the application for entry was made by Mr. Perry and the Minister gave him permission to enter, consequently the Railway Company will not be able to secure this quarter section. With reference to the SW $\frac{1}{4}$ of Sec. 4, if the entry is cancelled and there is no other application for the land, I see no reason why the Company should not secure it, but of course before doing so the usual application will have to be made for cancellation of Mr. Whitney's entry.

Sir,

With reference to my letter of the 4th ultimo, authorizing you to cancel the entry of Carl Bucholz for the N.E. 1/4 of Section 18, Township 47, Range 20, T.4.R., and to grant him entry for other land, I am directed to inform you that it is noticed that this man has a bond for seed grain this spring for \$6.02, and has since entered for the N.E. 1/4 of Section 18, Township 46, Range 20, T.4.R. If, when re-entry is made for the first-mentioned land, the improvements are of any value, they will be applied first for payment of this liability, and the balance, if any, will be collected for the benefit of the Government. You should, however, note against Mr. Bucholz's present homestead this seed grain advance, and when you have occasion to forward any declaration of abandonment, if a seed grain advance is recorded against the homestead, you should report the fact in the covering letter. It is usual to require the applicant to, if possible, discharge his liability before granting permission for him to make entry for other land, but if he expresses his inability to pay at the time, re-entry is granted subject to the seed grain advance, and this condition is noted on the entry receipt.

I am, Sir,

Your obedient servant,

Referring to your statement of the 2nd inst. in relation to your application for the S.E. 1/4 of Section 1, Township 10, Range 20, S. 1. The same has not yet been perfected by the performance of continuous residence for six months in one year, therefore, your application for leave of absence cannot be granted. At the same time, however, as there is no application for cancellation before the court, cancellation proceedings will not be initiated by the Department, though should any interested party desire to have your land returned, with a view to acquiring it himself, it is feared that it will be impossible to grant you protection. In any event, however, you will be entitled to a dividend on your land in full of a refund. It would, therefore, be well for you to keep the court advised of your interest in order that he may consent with you if necessary.

Sir,

2.4 2-27-14-T.4th R.

Further to my communication of the 5th December last, I would advise you that on further investigation of the matter it has been ascertained that the Dominion Government is not in any manner interested through any advances made. Information has been obtained that the advances affecting this land were for seed grain made through the Provincial authorities. It would therefore appear to be in your interest to place yourself in communication with the Secretary-Treasurer of the Municipal District of Lonebutte No. 34, Lonebutte, Alberta.

Your obedient servant,

Commissioner of Dominion Lands.

Reverend Sir,

Referring to your application for a grant of Legal Subdivision No 1, of Section 20, Township 21, Range 28, West of the 4th Meridian, I am directed to inform you that the Minister of the Interior has decided that he must have some formal assurance from each religious denomination who have obtained a free grant of 40 acres under the authority of the Order in Council of the 5th March 1888, that such denomination have either

A statutory declaration, to be made by you to the foregoing effect, will be accepted by the Minister as sufficient to warrant him in authorizing the completion of the issue of a patent to "The Board of Management of the Church and Manse Building Fund of the Presbyterian Church of Canada in Manitoba and the North West Territories" for Legal Subdivision

Sir,-

S.W. 1 Sec. 20 Tp. 21 Rge. 28 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

322033

Dear Sir,

I have been unable
 to do the settling duties on my homestead which
 is located ~~between~~ ~~10 to 20~~ miles west of
 48-20 N. owing to sickness and other similar
 misadventures. I have lived within a mile of
 my premises since coming here last spring.
 in a month or so I can go to work on my
 homestead and do all the settling duties in
 the following summer.

Settlers are coming thick and fast and
 my homestead is being taken every day
 if I cannot get an extension of time.

I am in limited circumstances financially
 and wish to keep my homestead as long as I can
 my self out in a short time.

If I could get an extension of 3 or 6 months
 it would allow me to qualify.

Hoping you will favor me in
 this matter, I remain

Very truly yours,

George A. Butler.

Busley in defence against the application made by this office to cancel his entry for the S.W. 1/4 of Sec. 14---46---20 W. of 4th. M. and to say that this man deserves little consideration from the Department. His father, brother and himself have entered for lands. Upon enquiry I find that these people are paupers having been kept from starvation by the bounty of neighbors, for some time. They were brought here by our Immigration Agent operating in Michigan W. Code, in 1893. Their assets consist of a team of pair of Indian ponies. Their shelter consists of a dug out. They appear to be unable to work, or obtain a livelihood. The breaking done by the defendant I have been informed, is 1 1/2 acres. I am of the opinion that the land should be open to a proper settler. Should protection be refused, I think it would be well to hold the land in reserve for either G. Boehm between whom and Thomas H. Mills a dispute exists in regard to the S.E. 1/4 of Sec. 34---46---20 W. of 4th. M. or the latter.

Dear Sir: I find myself compelled to write you again concerning my homestead, the South west quarter of the South half of Section Fourteen Township 45 Range 20 West 4th meridian.

The last season as you perhaps know, was a poor season for crops, and I did not succeed in raising any thing at all to live on, and therefore I am compelled to work out this winter in order to get means to gather to buy my grain and provisions for next summer.

I am not entirely discouraged with this season's failure in this country as I know it has been rather an unfavorable season in a great many places. I intend to stick by the country until I get a fair start, and there I will still stay because I can do well here in time I am confident.

You were kind enough to give me time on my homestead until the first of January. well, I find it impossible to leave my place just now as I have nothing to live on and have nothing out so as to earn something to get grain for seed the coming summer, as I want to put in a big crop next summer. It would be an inestimable kindness to me to have the time extended until the first or middle of April when I shall be well equipped to go on my homestead. I want to lift myself out of financial tightness, and I know I can do it next summer. Trusting you will be kind enough to favor me in this matter, I remain, very truly yours, George H. Busley.

I beg to acknowledge the receipt of your letter of the 15th instant, and in reply to say that as you made homestead entry for part of a quarter-section of land of your free will, your request to have the shortage in area made up by the addition of 40 acres elsewhere, cannot be granted, especially as the two parcels are some distance apart. If you would like to abandon your homestead and obtain a fresh entry for a full quarter-section, an application from you to this effect will receive consideration.

Sir,

Note 2/11/06
11/12/06
I beg to acknowledge the receipt of your letter of the 23rd October last number, 19730 sending here another application for patent and certificate of recommendation from Mr. W.A. McKenzie for portions of Section 14, Township 46, Range 20, West 4th Meridian, and in this connection I would refer to the letter from your office dated the 8th October last with the same reference No. also forwarding an application for patent from Mr. McKenzie for the fractional S.W. 1/4 of the same land.

The application which you first sent here was acted upon and the certificate of recommendation which was countersigned by the Deputy Commissioner of Dominion Lands on the 21st of last month, was mailed to Mr. McKenzie at Skafco on the 21st ultimo.

These two applications were made within 5 days of one another, one on the 12th and the other on the 17th of September last, but the statements made by the applicant are so different that it has been decided to stay the issue of patent until you are heard from

again in the matter. In the application made on the 13th the residence is shown on the accompanying form, while that given in the application for patent dated the 17th is also shown on another form enclosed herewith, and in both instances the residence is claimed with parents and in the application of the 13th September Mr McKenzie states that when he was not living with his parents he was acting as Engineer on a steamboat in British Columbia, while in that of the 17th he states that he has not been present at all.

I am to request that you will be good enough to instruct a Homestead Inspector to make a careful investigation in this case, and you will see that the matter is attended to with as little delay as possible, as the preparation of a patent will not be proceeded with as you have already been advised until you are heard from again in the matter.

Sir,

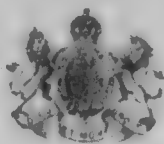

In reply to the communications which you recently addressed to the Department regarding the issue of a patent to Mr. W.A. McKenzie for portions of section 14, Township 46, Range 26, West of the 4th Meridian, I am to inform you that the patent for the land in question has not yet been issued. Mr. McKenzie was applying for patent under such various statements, particularly in regard to the survey in which his residence lot had been performed that it was decided not to proceed with the issue of his patent until an officer of this Department had made an investigation into the matter. The report of such investigation has not yet reached the Department and the Agent of Dominion Lands at Edmonton has been requested to see that the matter is attended to as quickly as possible.

I beg to enclose herewith a copy of a communication which has lately been addressed to Mr. J.H. Farley at Edmonton, Alberta, in regard to the issue of a patent to Mr. W.A. McKenzie for portions of Section 14, Township 45, Range 22, East of the 4th meridian. In this connection I beg to draw attention to the letter addressed to you from the Department on the 11th of December, 1902, to which you do not appear to have replied and I am to request that you will at once instruct the appropriate department in the investigation therein referred to.

If you have already issued the necessary instructions you will be good enough to again bring the Inspector's attention to the matter and advise him that we would give the matter his immediate attention, and at the same time point out to him that the prosecution of this suit will not be proceeded with until his report or a copy thereof has been received here.

The Honourable,

The Minister of the Interior,

Ottawa, Ont.,

Sir,

Re $N\frac{1}{2}$ & $SW\frac{1}{2}$ of $SW\frac{1}{2}$ of 14-46-20 West of 4th M.

Mr. Wm. McKenzie proved up this 120 acres about five years ago and applied for a patent. Mr. McKenzie got some document from Ottawa, which he believes to have been the recommendation for patent. At any rate, on the strength of it he, at the time, got a loan of \$200 from one Wm. Fletcher on the security of the land, which mortgage was duly registered.

Mr. McKenzie now wishes to deal with the property, but cannot do so until the patent is located. He supposed that it was with the Registrar of Land Titles at Edmonton, but on making enquiries at that office he learned the Patent had never reached that office. The Registrar advised him to communicate with your Department direct. Please have the matter looked up and advise me.

The matter of the Patent is a matter of some considerable moment to Mr. McKenzie.

I remain,

Yours obedient servant,

J. F. Canniff

Enclosing copy of Mr. Canniff's letter.

Sir,-

I beg to acknowledge the receipt of your letter of the 22nd ultimo in further reference to Mr. William A. McKenzie's application for patent for portions of Section 14, Township 46, Range 20, West 4th Meridian, and to refer to the letter addressed to you by the Agent of Dominion Lands at Edmonton on the 27th September, last.

You will observe from the Agent's letter that Mr. McKenzie has made statements in regard to the manner in which his residence duties have been performed that differ materially from one another. That it was decided that nothing could be done until the matter had been properly investigated and the Homestead Inspector has been instructed to carefully look into the matter and furnish a report at the earliest opportunity.

It is hardly necessary to point out that no patent will be issued until the Department is furnished with some satisfactory explanation of the different statements made by Mr. McKenzie and it is also proved beyond doubt that the provisions of the Dominion Lands Act have been fully complied with.

Sir:-

Re. N. $\frac{1}{2}$ S.W. $\frac{1}{2}$ of 14-46-20, W. of 4th. M.,

Following up my previous letter to you of the 22nd. ult. I have to add that Mr. Mc.Kenzie instructs me to write you that so far as he can remember he only made one application for his patent, and that after having fully completed all his residential duties, etc. Any number of Mr. Mc.Kenzie's old neighbours can easily satisfy your Department on this point..

Soon after having proved up Mr. Mc.Kenzie went away to British Columbia and remained away for 2 years. On his return he made a mortgage on the homestead on the strength of his recommendation which the Registrar's Abstract shows to have been dated July 21st. 1908 for \$200.00 to Wm. Fletcher.

He afterwards went away again, and having returned lately obtained an additional mortgage, which the Registrar's Abstract shows to have been dated Sept. 24th. 1910 to the same party for \$500.00, the first mortgage being discharged.

It was only when registering this \$500.00 mortgage he learnt that the patent had never been received at the Edmonton Registry Office.

Your Department wrote Mr. Mc.Kenzie to Skafse, Alta, on Nov. 27th. 1906, file #404107 notifying him his application

Mr. Mc.Kenzie is being delayed here returning ^{from} British

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relier, the land taken under the authority of this letter will be subject to such indebtedness.

To the Agent of Dominion Lands.

Red Deer. Alta.

Dear Sir:-

On the 8th of April last I applied to have the entry of Mr. B. Y. Williams for the S. W. 1/4 Sec: 13 - 40 - 26. N. 4 th. cancelled. You afterwards informed me that this entry was protected until the 1st. of the month. I am a bona fide settler having come here to take a homestead entry and I want to know what you are going to do about this land. I want to go on and improve it and it is getting late in the season. Mr. Williams who held the land has left this country. Why not let me on the land at once.

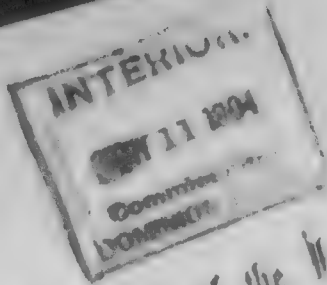

Yours truly,

J. C. Brown

We are sorry that Mr. B. Y. Williams who entered for the S. W. 1/4 Sec: 13 - 40 - 26. N. 4th. M. has left this district.

I wish information regarding the S. W. 1/4 of 12.26 West 4th. which horse track is vacant at present. Dear Sirs,

312.340.826.44 is up for sale in the Port Office, which is a fine estate, the price is offered for sale and then informed the agent that it was not lying on the floor and had been on it, which is false. I am living on it a house and am trying for breaking up the land and guarantee to have the land if I am given a chance. I am now offering the ground to be put up for sale and that this work I will have done this year if I am short of money. The property encourages to put up the ground and make improvements to build and put up the same in the best way possible.

I would have wire banded in some
and lumber to roof the building & get it
up for Christmas, & then we can have
it for persons else, as the school is
get in this I hope to have you some
so that I may get what stuff I have to
in before the first year out.

Yours truly

William H. H. H.

J. R. Sutherland Esq.,

Dear Sir,

In 1895 I made myself bondsman for seed grain for a man named Phillips of Bowden who did not pay for his grain and last Spring while he was working on the C. P. R. repairing after the big flood he was killed by a slide of mud or rock, leaving his wife and family of four children destitute. I cannot afford to pay for him as I am a poor man myself and it took me all my time to pay for my own but which I managed to do. The man was a perfect stranger to me, I never saw him till he asked me to be his bondsman and I believe he was an honest man and would have paid had he lived and I think under the circumstances the Government might cancel the bonds and return them to me. I wish to take out my patent and would like to take it out clear as it is all I have to depend on. I have been in the country over eight years and intend to make it my home for life and having a wife and family myself it seems hard on me to pay another man's debts especially under the circumstances and I cannot find in my heart to distress the widow and orphan.

Hoping you will see your way clear to grant my petition, I remain,

Yours truly,

• Jonathan Cuffling •

Sir;

I herewith enclose a copy of a letter received this day from Mr. Jonathan Cuffling of S. P. 4 of 12 - 21 - 2, west of the 5th. It appears that he became surety for one Phillips of Bowden for some seed grain. Mr. Phillips has since died and left a widow and family of 4 children. Mr. Cuffling thinks that he should not be called upon to pay the amount for which he became surety. The letter explains itself.

Sir,

I am directed to acknowledge your letter of the 4th instant, No. 27842, Ref. 14886, enclosing one from Mr. Jonathan Cuffling in the matter of the South East quarter of Section 12, Township 21, Range 2 West of the 5th Meridian, in which he asks that he be not made liable for the payment of certain seed grain bonds on which he appears as surety.

In reply I beg to say that under the provisions of the bonds which Mr. Cuffling signed, he agreed to ~~pay~~ ^{that} payments Dominion lands for which he had been entered shall be security for, and shall stand charged with the payment of the moneys thereby secured, and therefore, under this agreement it is impossible to relieve Mr. Cuffling of any responsibility he has assumed.

J. R. Sutherland Esq.

Dear Sir;

... .. 1/4
sec 12, Tp 21, Pg 2, west of 5th, which I pre-empted some years
since before I knew what the land was worth. I do not consider
it to be worth more than \$ 1.50 per acre and that I am willing
to pay. There is not an acre on the 1/4 section fit for farming
the whole thing is simply a hill side covered with brush and
scrub and no water or timber on it. My Homestead adjoining is
very little better as I have only been able to break about
15 acres on it & it has cost me an average of 20 dollars per
acre to clean off the brush, scrub & stones. I hope you will
consider this matter & have the land inspected. My wife was
taken sick last April & has been under the Doctor's care since
that time, has been in the hospital twice & had to undergo an
operation only came out of ~~hospital~~ hospital last week and the
expense has crippled me financially very much. The 1/4 sec
in question is fit for grazing purposes only as I do not think
there is one acre on it that could be broken for cropping
purposes. I do not wish to throw up the land if I can possibly
help it & if you consider to take \$ 1.50 per acre I will try
and pay as soon as possible, otherwise I am afraid it will have
to go as under the circumstances I cannot possibly help myself
& in that case I suppose I shall have to go as well.

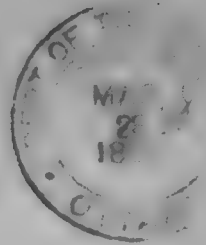

Yours Respectful y,

Memorandum.

Mr. Jonathan Cuffling, Panimo, Alberta, applied some time ago to have the price of his pre-emption, the N. E. $\frac{1}{4}$ of 12, 21, 2, West 5th, reduced, as the land, in his opinion, was not worth the current rate. A report has now been received from the Homestead Inspector from which it appears Mr. Cuffling has made the following improvements on the land:-

| | |
|--|----------|
| Frame stable 18 X 24----- | \$100.00 |
| Log stable 12 X 18----- | 30.00 |
| Corrall----- | 10.00 |
| 1 $\frac{1}{2}$ miles of rail fence----- | 120.00 |

He states the soil is of clay loam and that the quarter section is composed of high hills and ravines mostly covered by willow scrub, and is only fit for grazing purposes.

The ^{valuation} ~~particular~~ of the quarter section is \$1.50 per acre.

Under the circumstances I recommend that Mr. Cuffling be permitted to acquire the land at this rate, subject to interest at 6% from the date when payment for the land ~~becomes~~ due.

Panama P.O., June 1st, 1900.

Sir:-

In reply to yours of April 30th, I beg to say the 1/4 sec. in question is all I describe it. It adjoins S.E. 1/4 of 14 which is reserved by Government for irrigation purposes and if the Government scheme is carried out as surveyed by Mr. Wheeler a good portion of it could be irrigated. In any case I should be glad if you would have it inspected by the Government Inspector with a view to have a fair value put upon it, as the herbage on these hills are not to be compared to the valleys or prairie.

Yours respectfully,

(Sgd.) Jonathan Cuffling.
